

Insulated 75mm 50mm EPS Sandwich Panel White Metal Steel

Our Product Introduction

Basic Information

- Place of Origin: HEBEI, CHINA
- Brand Name: BAODU
- Minimum Order Quantity: Discussible
- Price: \$6-7square meter
- Packaging Details: In general, for steel structure , we use the steel frame packing to keep goods not to be broken . For sandwich panel and color steel sheet, we use the plastic packing . If the clients need special packing will according to their requirements.
- Delivery Time: 15days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Perch/Perches per Month stainless steel perforated metal sheet

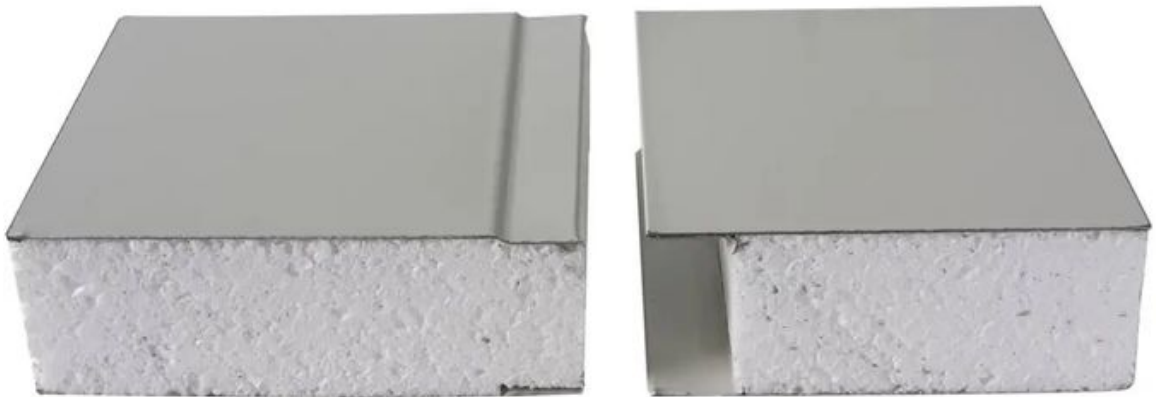

Product Specification

- Product: EPS Insulated Roof And Wall Sandwich Panel 75mm White Metal Steel Building Color Easy Material
- Thickness: 50mm/75mm/100mm/150mm/200mm
- Top Plate/Bottom Plate: 0.4-0.8mm
- Effective Width: 950mm(Wall);960mm(Roof)
- Length: Customized
- Density: 8kg/M3 EPS
- Color: Customized
- Advantages Light Weight ; Light Weight ; Waterproof ; Good Insulation
Waterproof ; Good Insulation: Performance With Competitive Price
- Application: Various Roofs And Walls Of The Large Size
Factory Warehouse, Exhibition Halls, Etc
- Width: 950mm,960mm,1000mm
- Highlight: **Insulated 50mm eps sandwich panel,
White 50mm eps sandwich panel,**

Product Description**EPS Insulated Roof and Wall Sandwich Panel 75mm White Metal Steel Building Color Easy Material**

Sandwich wall panels EPS (expanded polystyrene foam) are available for sale. It is a modern heat absorbing material, which provides good indicators of insulation of premises against freezing of walls. Insulation thickness of 75 mm provides the necessary level of comfort at any weather temperature. It retains heat in winter and cold in summer. The panel is a combined product of three different materials. The top one is steel profiled sheeting, metal thickness from 1 mm, with a high wave, as it will be subjected to more severe stress. It is used as free space filling and as a lightly loaded partition wall.

Sandwich wall panels EPS insulation used for warehouses and food industry. This type of thermal insulation is made of foamed granules, pressed into plates of thickness 75 mm. It is warm and sufficiently strong. The installation of such wall elements eliminates the need for additional fasteners. Installation is carried out in a standard way.

The advantages of EPS Panel include:

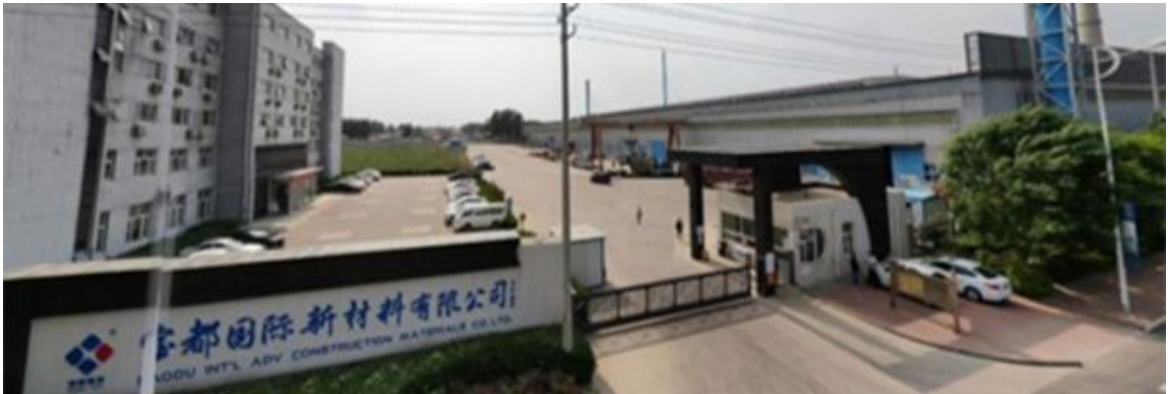

- High load bearing capacity at low weight
- Effective and durable thermal insulation
- Absolute water and vapour barrier
- Air-tightness for controlled environments
- Long life, low maintenance
- Lightweight, fast and economic construction
- Hygienic food grade finish
- Most cost effective insulation material available
- China manufacture permits shorter lead times and prompt delivery

Benefits from Baodu

The shelf life, efficiency and cleanliness of any building is based on the panels that go into its making. The prefabricated EPS panels manufactured by BAODU has the following features:

- The pre-engineered EPS sandwich panels from BAODU are of meet the building code specifications
- Superior energy savings due to low thermal conductivity
- Flexibility in design and colors
- All weather proof construction and low maintenance
- These insulated panels give long lasting value with controlled quality, accuracy and speed of construction to cater better functionality and application.

Projects Show:

Baodu International Advanced Construction Material Co., Ltd. was established in January 2010 with the office in Beijing and factory in Hebei, China. Baodu is a designer, manufacturer, supplier and exporter of industrial noise comprehensive treatment, steel structure, sandwich panel and prefab house. Baodu has an annual output of 6 million square meters of acoustic sandwich panels, 100000 tons of steel structures and 1 million square meters of floor decking sheet. The products are sold in more than 30 countries and regions around the world. Baodu has a professional design team with more than 10 years' experience, including 5 senior engineers, 20 engineers, and 35 technicians. Baodu has several energy saving and environment protection intellectual property rights, construction and environment protection design qualification, CE certification and Russian GOST certification etc. Baodu participated in the military parade village project for the 60th anniversary of China and project of Beijing Daxing International Airport. Under the guidance of China's "one belt, one road" strategy, Baodu has also undertaken overseas projects such as the project of Thar, Pakistan coal fired power plant, Hasyan Dubai power plant and so on. Finally, welcome your coming to Baodu for a visit and cooperation!
