Product Description

Waterproof Thermal Insulation Rockwool Glass Wool Round Corner Panel Building Warehouse

Product Description:

Corner Wall Panel is a thermal insulation wall panel designed to provide thermal insulation and soundproofing. It is made of high quality Rockwool Glasswool PU with a density of 60-120kg/m³, ensuring a maximum level of waterproof, fireproof and soundproof features. The Edge Type of the Corner Wall Panel is available in either Square Edge or Pu Edge. Our Corner Wall Panel is delivered within 15-21days, and can be easily installed to provide excellent performance.

Our Corner Wall Panel is suitable for a variety of applications, including Corner Roof Panel, thermal insulation wall panel and Corner Roof Panel. Its superior performance and excellent quality make it an ideal choice for thermal insulation and soundproofing.

Features:

Fire resistance

Sound insulation

High coefficient of the thermal insulation

Fast speed of the construction

Energy efficiency - that enables us to apply cost-effective solutions while keeping the preferred temperature level in the building

Applications:

Introducing BAODU Corner Wall Panel

BAODU corner wall panel is a thermal insulation wall panel specially designed for modern architecture. It is made of high-quality rockwool glasswool PU material, and is certified with CE.
