- Supply Ability: 5000 Square Meters per Day

Product Specification

- Product Name: Lightweight Insulation EPS Sandwich Panel 50mm 200mm Expanded Polystyrene Material
- Density: 8kg/M3 EPS
- Application: Various Roofs And Walls Of The Large Size Factory Warehouse Exhibition Halls Etc
- Soundproof: Yes
- After-sales Service: Online Support, Video Technical Support
- Length: Customized
- Material: EPS
- Life Time: 15-30 Years
- Type: Sandwich Panel
- Keyword: EPS Sandwich Panel
- Highlight: 50mm EPS Sandwich Panel

Product Description

Lightweight Insulation EPS Sandwich Panel 50mm 200mm Expanded Polystyrene Material

Product Description:

EPS Sandwich Panel is an innovative building material that offers superior thermal insulation, soundproofing, and exterior protection. It is made from EPS (Expanded Polystyrene) material, which is lightweight, durable, and highly efficient in energy conservation. It is designed with a top and bottom plate of 0.4-0.8mm that provides added strength and durability. The panel is available in widths of 960mm for roofs and 950mm for walls, with a life span of 15-30 years.

EPS Sandwich Panel is perfect for all types of buildings, such as residential homes, commercial buildings, and industrial structures. It is an ideal solution for thermal insulation and soundproofing needs, as well as providing a durable exterior protection. With its superior quality, EPS Sandwich Panel is the perfect choice for any construction project, offering the best performance for thermal insulation, soundproofing, and exterior protection.

Features:

Pre engineered, Pre Painted Galvalume Steel Sheets

Flexible features and modifications designed as per client requirements

High load bearing capacity

Specifications can be customized to meet clients' requirements

Light weight EPS insulated panels that are easy and quick to install

EPS Insulated Panels provide heat and sound insulation

Water, fire and corrosion resistant

Highly energy efficient EPS Insulated Panels

Low maintenance, long lasting value

Baodu is a one-stop solution for EPS Panel Systems. Our products are used to build EPS Panel homes with EPS Sandwich wall panel and EPS Roof Panels.

Applications:

Roofing

Wall Cladding

Partitions

Walk-On Ceilings

Prefabricated Shelters

Accommodation Shelters

Information Kiosks

Health Centers

Community Shelters

Communication Shelters

Technical Parameters:

Product	Eps Sandwich Panel
Width	50mm/75mm/100mm/150mm/200mm
Top plate/Bottom plate	0.4-1mm
Effective Width	950mm(Wall);960mm(Roof)
Length	Less than 11.8m (For transport need)
Density	8kg/M3 EPS
Color	Standard color :White, Red, Blue,Ral
Advantages	Light weight ; waterproof ; Good insulation performance with competitive price
Application	various roofs and walls of the large size factory warehouse, exhibition halls, etc.
Life time	15-30 years
