

## OEM Soundproof EPS Sandwich Panel For Wall Separation

### Our Product Introduction

for more products please visit us on [baodupanel.com](http://baodupanel.com)

#### Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Model Number: EPS Sandwich Panel
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

#### Product Specification

- Product Name: Thermal Insulation Soundproof EPS Sandwich Panel For Wall Separation
- Application: Various Roofs And Walls Of The Large Size Factory Warehouse Exhibition Halls Etc
- Life Time: 15-30 Years
- Thermal-insulation: Yes
- Material: EPS
- Type: Sandwich Panel
- Surface: Smooth
- Density: 8kg/M3 EPS
- Keyword: EPS Sandwich Panel
- Highlight: **Wall EPS Sandwich Panel, Soundproof EPS Sandwich Panel, OEM sandwich eps panel**

## Product Description

# Thermal Insulation Soundproof EPS Sandwich Panel For Wall Separation

## Product Description:

EPS Sandwich Panel

EPS Sandwich Panel is a kind of thermal insulation and soundproof exterior EPS roof panel sandwich, made of superior quality EPS foam sandwich panel. It is lightweight, but with high strength and good thermal insulation performance. The top plate and bottom plate of EPS Sandwich Panel are 0.4-0.8mm thick, which makes it durable and long lasting with life time from 15 to 30 years. It is also easy to install and operate with after-sales service such as online support and video technical support. With a density of 8kg/M3 EPS, it is an ideal choice for various projects.

## Features:

Modular in nature and pre-engineered for precision and time-saving construction

Constant thermal resistance

Light weight EPS Sandwich Panels which are easy to lift and install at any altitude

Frameless construction entails flexibility of design, supply and installation for all structure types

Measurable energy savings with minimal loss and highly efficient performance

Tough and long lasting to suit any construction

Long life and low maintenance

## Applications:

Roofing

Wall Cladding

Partitions

Walk-On Ceilings

Prefabricated Shelters

Accommodation Shelters

Information Kiosks

Health Centers

Community Shelters

Communication Shelters

## Technical Parameters:

Product	Eps Sandwich Panel
Width	50mm/75mm/100mm/150mm/200mm
Top plate/Bottom plate	0.4-1mm
Effective Width	950mm(Wall);960mm(Roof)
Length	Less than 11.8m (For transport need)
Density	8kg/M3 EPS
Color	Standard color :White, Red, Blue,Ral
Advantages	Light weight ; waterproof ; Good insulation performance with competitive price
Application	various roofs and walls of the large size factory warehouse, exhibition halls, etc.
Life time	15-30 years

## Customization:

BAODU offers custom EPS Sandwich Panels with high durability, thermal insulation, soundproof and waterproof features. Our Model Number is EPS Sandwich Panels. We are based in Hebei, China and we offer competitive prices starting from \$5. The minimum order quantity is negotiable.

We package our products with steel frames to ensure they are not damaged during shipping. For sandwich panels and color steel sheets, we use plastic packaging. We are also open to special packaging according to customer requirements. Delivery time is usually 15 days. Payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Our supply ability is 5000 square meters per day.

Our EPS foam sandwich panels provide superior thermal insulation and soundproof exterior. They have high durability and waterproof features. We invite you to experience the benefits of our custom EPS Sandwich Panels!

## Support and Services:

EPS Sandwich Panel provides technical support and services, which include:

**On-site installation and training**

**Product maintenance and repair**

**Technical troubleshooting**

**Software and hardware updates**

**Product warranty**

## Packing and Shipping:

Packaging and Shipping EPS Sandwich Panel

EPS Sandwich Panels are securely and safely packaged with profiled steel sheet, pallets, and steel box for shipping. Specific packaging requirements, such as labeling instructions, are determined based on the product size, weight, product type, and shipping destination.

The panels are wrapped in plastic film to protect them from moisture and other environmental conditions. The panel edges are also secured with foam strips to protect them from chipping and other damage. The pallet is then shrink-wrapped and reinforced with steel straps to ensure stability during transit.

The panels are shipped by truck, train, or boat depending on the size and weight of the shipment. Longer distances may require air transport, but this is more expensive and less common.

## FAQ:

**Q1: What is the brand name of this EPS Sandwich Panel?**

A1: The brand name of this EPS Sandwich Panel is BAODU.

**Q2: What is the model number of this EPS Sandwich Panel?**

A2: The model number of this EPS Sandwich Panel is EPS Sandwich Panel.

**Q3: Where is this EPS Sandwich Panel made?**

A3: This EPS Sandwich Panel is made in Hebei, China.

**Q4: What is the minimum order quantity for this EPS Sandwich Panel?**

A4: The minimum order quantity for this EPS Sandwich Panel is discussible.

**Q5: What is the price range for this EPS Sandwich Panel?**

A5: The price range for this EPS Sandwich Panel is \$5 to discussible.
