Product Description

Rockwool Sandwich Panel Fireproof-Insulation Light Weight PU Polyurethane edge

Product Description:

Rockwool Sandwich Panel Fireproof-Insulation Light Weight PU Polyurethane Edge

Rockwool sandwich panel is an innovative insulation material made from rockwool, which is known for its superior fireproof-insulation. It is widely used for construction and insulation purposes, such as shop, outdoor, office, building, warehouse and roofing. The width of rockwool sandwich panel is 1000mm, and it is available in a variety of colors to meet different requirements. Moreover, it is light weight and easy to install, making it a great choice for wall and roof construction. Its fireproof technology stands out from other insulation materials, giving customers peace of mind that their structure is secure and well insulated.
