

ODM Precast Glasswool Sandwich Panel For Wall Roof Building Solution

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: CE
- Model Number: Glasswool Sandwich Panel
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

Product Specification

- Thickness: 50mm-200mm
- Length: Customized
- Surface Treatment: Customized
- Project Solution Capability: Graphic Design 3D Model Design Total Solution For Project
- Material: Glasswool
- After-sale Service: Online Technical Support, Onsite Installation
- Advantage: Waterproof Moistureproof Fireproof Etc.
- Panel Type: Glasswool Sandwich Panel
- Product Name: Free Sample Glasswool Sandwich Panel For Wall Roof Building Solution
- Color: Customized
- Highlight: **Building Glasswool Sandwich Panel,**
Precast Glasswool Sandwich Panel

Product Description

Free Sample Glasswool Sandwich Panel For Wall Roof Building Solution

Product Description:

The modern design of Glasswool Sandwich Panel comes with a warranty of more than 50 years. It is a lightweight and thermal insulation material, which is fire resistant, acoustic, and composed of foam color steel exterior wall roof l and glass fiber sandwich panel. It is an ideal choice for projects requiring graphic design 3D model design and total solution. The glasswool has excellent sound absorption and heat insulation performance, and is also an environmentally friendly product. It can be widely used for walls, roofs, and other partitions of industrial buildings, warehouses, workshops, etc.

Features:

Heat insulation capability.

The heat insulation capability of the Glass wool sandwich panel depends on the specifications of the filling material.

Good fire performance.

Glass wool sandwich panel is fire rating of non-combustible A grade. Its shape, strength and material are hard to be changed in the fire, it can protect your valuable life and properties.

Sound insulation and Sound absorption capability.

Sound insulation is a physical value what shows the rate of sound energy decrease on the one side of a surface (e.g. wall or roof cladding), while the noise source is on the other side.

Sound absorption values of panels can be increased by applying perforated internal armouring and mineral wool insulation core.

Please feel free to contact us if you have any question.

GLASSWOOL PANEL MANUFACTURING TECHNOLOGY

Intended for use in commercial, industrial, residential, institutional and temporary constructions, the glass panels must be manufactured as per the highest standards of quality and efficiency. Baodu the top notch glasswool panel manufacturer and supplier incorporates the best techniques in its production process and ensures that its customers receive unmatched products that are an example for performance and efficiency. The flexible manufacturing process results in a perfect solution for every application and serves effective benefits with its precision and high quality construction.

Technical Parameters:

Allowable vertical load and thermal conductivity of BAODU new model fireproof glasswool roof sandwich panel (allowable deflection $\leq L/200$)								
S(mm)	W/m ² K	G(kg)	P=KN/m ²	0.60	0.80	1.00	1.20	1.50
50	0.69	12.95	L(m)	3.74	3.23	2.86	2.57	2.23
70	0.47	14.50	L(m)	5.01	4.34	3.86	3.48	3.05
100	0.36	16.04	L(m)	6.21	5.32	4.73	4.28	3.75
125	0.34	17.06	L(m)	7.11	6.31	5.77	4.93	4.32
150	0.33	19.14	L(m)	8.00	6.94	6.18	5.58	4.89
200	0.30	22.78	L(m)	9.79	8.56	7.63	6.88	6.00

Support and Services:

Glasswool Sandwich Panel provides technical support and services to ensure that you get the best performance from the product.

Our technical support team is available to help you with any questions or issues you may have. We can provide guidance on installation, maintenance, and troubleshooting, as well as advice on the best ways to use the product.

We also offer a range of services to ensure your Glasswool Sandwich Panel is in top condition. These services include professional cleaning and repair, as well as regular maintenance checks to ensure optimal performance.

If you need assistance with your Glasswool Sandwich Panel, please contact our technical support team. We are happy to help and provide the best possible service.

Packing and Shipping:

The Glasswool Sandwich Panel will be packaged and shipped with the following procedure:

The panels will be wrapped in waterproof packaging material.

The panels will then be loaded onto a pallet and secured with straps.

The pallet will then be shrink-wrapped.

The pallet will be loaded onto a shipping truck.

The shipping truck will deliver the Glasswool Sandwich Panel to its destination.

FAQ:

Q1. What about your price?

A1. We have our own factory so that we can provide the best price for you

Q2. Where is your factory?

A2. Our factory is located in Hebei Yongqin where is only take one hour from Beijing.

Q3. How is your production capacity?

A3. We have two steel structure production lines and three sandwich panel production lines. All the equipment imported from Germany.

Q4.What is your advantages.

A4. As a high technology company in the construction material industry, we have our own professors team which has more than 10 people in Beijing related institution. And we also have the strict quality control in our production lines.
