- Supply Ability: 5000 Square Meters per Day

Product Specification

- Application: Exterior Wall, Light Weight, Easy Install
- Advantage: Waterproof Moistureproof Fireproof Etc.
- Warranty: More Than 50 Years
- Material: Glasswool, Rockwool, PU
- Length: Customized
- Density: 64-120KG/M3
- Product Name: Aluminium Building Sandwich Panel With Fireproof Grade Waterproof Exterior Wall Cladding Material
- Color: Customer's Requirements
- Highlight: **aluminium sandwich panel roof, Insulated aluminium sandwich panel roof, aluminium insulated sandwich panels**

Product Description

Aluminium Building Sandwich Panel With Fireproof Grade Waterproof Exterior Wall Cladding Material

Product Description:

Aluminium Sandwich Panel

Aluminium Sandwich Panel is an ideal building material for various kinds of exterior wall constructions. It is made of two layers of aluminium sheets on both sides and several insulation layers in the middle. It is waterproof, moistureproof, fireproof, and has many other advantages. It also has the certification of ISO9001, ISO14001 and SGS, and provides various colors and lengths for customization. It is a perfect choice for exterior wall constructions, offering superior protection and insulation.

Features:

● Non inflammability and Level A fireproof performance ● Hydrophobic property and high ageing resistance ● Excellent performance in thermal insulation ● Sound absorption and noise reduction ● Biodegradable and environment-friendly ● High acidity coefficient can greatly reduce the corrosive action on metals

Applications:

Building exterior curtain walls

Decoration and renovation additions for old buildings

Shop door decorations

Advertisement board display platforms and signboards

Wallboard and ceilings for tunnels

Support and Services:

Technical Support and Service for Aluminium Sandwich Panel

We provide technical support and services for Aluminium Sandwich Panel. Our support includes:

Designing and fabricating custom Aluminium Sandwich Panel solutions

Providing installation and maintenance instructions

Answering any technical queries you might have

Providing advice on other products that may be suitable for your needs

We also provide a range of after-sales services including:

Repairing, replacing, or refunding any faulty products

Providing regular maintenance and servicing for the panel

Offering advice on how to optimise the performance of the panel

Providing technical support and troubleshooting assistance

We are committed to providing our customers with the best possible service and support. If you have any questions about Aluminium Sandwich Panel, please don't hesitate to contact us.

Packing and Shipping:

The packaging and shipping of Aluminium Sandwich Panel requires the following steps:

The panels are wrapped securely with stretch film.

The wrapped panels are loaded onto pallets.

The pallets are then secured with shrink wrap.

The pallets are loaded into a shipping container.

The shipping container is sealed and shipped to the customer's location.
