

Facade Steel Foam Aluminium Sandwich Panel With Rockwool

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: CE
- Model Number: Aluminium Sandwich Panel
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 15-20 Days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

Product Specification

- Product Name: Aluminium Structural Panel With Rockwool Facade Steel Plates For Industrial Facilities
- Color: Various Colors
- Advantage: Waterproof Moistureproof Fireproof Etc.
- Density: 64-120KG/M3
- Material: Glasswool, Rockwool, pu
- After-sale Service: Online Technical Support, Onsite Installation
- Width: 950mm, 960mm, 1000mm
- Function: Mould-Proof, Anti-Static, Fireproof, partition Wall
- Length: Standard Container Length
- Thickness: 50-200mm
- Highlight: **Facade Aluminium Sandwich Panel, Rockwool Aluminium Sandwich Panel**

Product Description

Aluminium Structural Panel With Rockwool Facade Steel Plates For Industrial Facilities

Features:

1. The end surface of the core material is completely sealed through the cooperation of the sealing plate and the folded edge, so that the four sides of the metal curtain wall panel have good sealing performance, and the disadvantage of uneven end surface is solved.
2. The metal curtain wall in the past has good air-tightness, water-tightness and thermal insulation performance, which ensures the thermal insulation performance of the curtain wall panel.
3. Use hidden screws to fix. It changes the traditional installation method with external locking screws. It not only has excellent waterproof performance, but also more beautiful and practical.
4. The unique hidden screw design prevents rainwater from infiltrating; the three-dimensional design of the surface makes the system excellent decorative;
5. A variety of insulation materials can be selected for filling to improve flatness and strength.
6. The building wall is beautiful and flat, and the surface is smooth and flat, replacing the decorative effect of the aluminum curtain wall;
7. High bending resistance and excellent mechanical properties of the wall reduce the dependence on auxiliary steel structure.

Support and Services:

We provide technical support and services for Aluminium Sandwich Panel. We are committed to helping you get the most out of your product and providing solutions to any issues you may have. Our team of experts is available to answer any questions you may have and to help you find the best solutions for your project. We also offer a variety of additional services such as installation, customization, and maintenance.

Advantages:

1. Quality: imported equipment from Germany and Switzerland, professional workers who have been engaged in more than ten years, have their own research and development department, and fully meet the use standards of various countries.
2. Customized service: We arrange special person to connect according to customer needs, one-to-one service.
3. Technical support:
Activity room: We provide online guidance and installation services by dedicated personnel, as well as after-sales team service 24/7.
Workshop: We have nearly 50 professional engineers who can go abroad to provide technical support and guidance until all problems are solved for our customers.
4. International trade operation: We have been focusing on international trade in the construction industry for more than ten years, and have accumulated various experiences from different customers in different countries. So we can keep our operations up to date with our customers and new rules. Helps in customs clearance and saves cost and time for our customers.

Packing and Shipping:

Packaging and Shipping of Aluminium Sandwich Panel:

The panels are wrapped in a plastic film to protect them from dust and moisture.

The panels are then placed in a steel box .

The package is marked with the product information and shipping details.

The packages are then loaded into a shipping container for delivery.

FAQ:

- ▶ Q1: What is the Brand Name of Aluminium Sandwich Panel?
- ▶ Q2: What is the Model Number of Aluminium Sandwich Panel?
- ▶ Q3: Where is the Place of Origin of Aluminium Sandwich Panel?
- ▶ Q4: What is the Certification of Aluminium Sandwich Panel?
- ▶ Q5: What is the Minimum Order Quantity of Aluminium Sandwich Panel?
