

Industrial Steel Prefabricated Warehouse Building Workshop Hangar

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei,China
- Brand Name: BAODU
- Certification: ISO9001,CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Discussible
- Packaging Details: In general, for steel structure , we use the steel frame packing to keep goods not to be broken . For sandwich panel and color steel sheet, we use the plastic packing . If the clients need special packing will according to their requirements.
- Delivery Time: 21days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

Product Specification

- Product Name: Industrial Steel Warehouse Shelving Workshop Hangar Hall Storage Racks For Organized Storage Solutions
- Installation: Easy
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Maintenance: Low
- Feature: Long Fatigue Life
- Grade: Q235, Q355
- Fire Resistance: High
- Security: High
- Durability: High
- Warranty: More Than 50 Years
- Highlight: Industrial prefabricated warehouse building

Industrial Steel Warehouse Shelving Workshop Hangar Hall Storage Racks for Organized Storage Solutions

Product Description:

Steel Structure Warehouse is a kind of workshop industrial steel building, which is characterized by high-grade steel such as Q235 and Q355, aluminum alloy window and plastic steel window. It is covered by corrugated steel, EPS, PU, rock wool and glass wool. The roof and wall of the warehouse are made of steel plates, which can effectively prevent moisture, water vapor and dust. It is perfect for workshop, hangar hall, industrial steel building. With its excellent performance, Steel Structure Warehouse is widely used in many industrial fields.

Advantages of Light Steel Structure Construction

- I. Wide span: Single span or multiple spans, the max span is over 70 m without middle column.
- II. Low cost: Unit price range from USD40/sqm to USD75/sqm according to customers' request.
- III. Fast construction and easy installation.
- IV. Long using life: Up to 50 years.
- V. Others: Environmental protection, water proofing, energy conserving earthquake proofing and stable structure

Our Services

1, Drawing: We have a high-efficiency design team. If you provide us the information about the building, for example: snow load, wind load, the grade of earthquake, you can get a piece of detailed drawing.

2, Installation: We can send our engineer to on-site of the building and our engineer will guide the installation

If you are interested in our steel structure, please give us the following information:

- 1 Location (where will be built?) _____ country, area
- 2 Size: Length*width*height _____mm*_____mm*_____mm
- 3 wind load (max. Wind speed) _____kn/m², _____km/h, _____m/s
- 4 snow load (max. Snow height) _____kn/m², _____mm
- 5 anti-earthquake _____level
- 6 brickwall needed or not If yes, 1.2m high or 1.5m high
- 7 thermal insulation If yes, EPS, fiberglass wool, rockwool, PU sandwich panels will be suggested; If not, the metal steel sheets will be ok. The cost of the latter will be much lower than that of the former.
- 8 door quantity & size _____units, _____(width)mm*_____ (height)mm
- 9 window quantity & size _____units, _____(width)mm*_____ (height)mm
- 10 crane needed or not If yes, _____units, max. Lifting weight _____tons; Max. Lifting height _____m.

Your trustworthy and reliable partner

Competitive Price

With over 12 years of experience in steel structure industry, BAODU can provide the most reasonable and economical scheme to prevent over designs.

Long term partnerships with raw material product suppliers give us the ability to control quality and price effectively.

Large-scale production reduces our procurement, production and management costs, which can bring customers more economic benefits.

We produce both steel structure (frame) and wall and roof panels, reducing external sourcing, ensuring consistency in product quality and further saving on costs.

Vast Experience in the foreign projects

In the past 13 years, BAODU's products are exported to more than 50 countries and regions, we have vast experience in design, transportation and overseas installation. Do not worry that you are far away from us, whether Asia, Oceania, America or Africa, we can provide installation workers or installation instructions according to customer needs for the project. For us, the end of a project is not you pay us to get the products, but you successfully complete the installation of

our products.

Good Quality

Quality first, which is the key to our success in these years. We develop new technologies to improve the performance of our products, even if using the same raw materials, our products will be in more high quality.

Reputation

Our company have a good reputation and credibility in the industry. The customers that we have cooperated evaluate our company as follow, "This is a professional company, which has good service attitude, which really solves problem for customers, which can be trusted by the customers.It's a great thing to cooperate with such a company. You don't need to worry about the quality of the products, don't need to worry about the transport and installation.They will give you the most reasonable and economical design,transportation and installation plan"
