

Light Prefab Warehouse Buildings Q235 Q355 Metal Steel Structure

Our Product Introduction

for more products please visit us on baodupanel.com

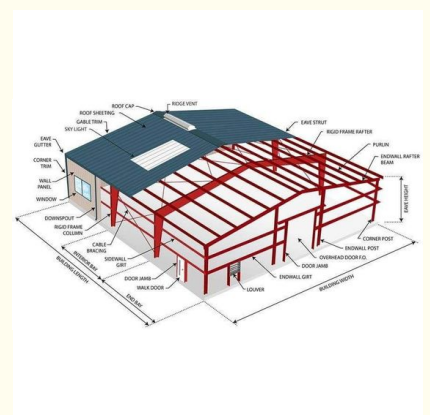

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Discussible
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

Product Specification

- Product Name: Steel Structure Warehouse
- Purlin: C.Z Shape Steel
- Grade: Q235, Q355
- Maintenance: Low
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Roof And Wall: Corrugated/EPS/PU/Rock Wool/glass Wool
- Security: High
- Fire Resistance: High
- Installation: Easy
- Highlight: Light prefab warehouse buildings, Q355 Steel prefab warehouse buildings, Q235 prefab metal warehouse

Product Description

Prefabricated Sheet Light Structure Steel Structure Building Warehouse

Product Description:

Structural steel warehouses are manufactured in different characteristics, static and sizes, both domestic and abroad. Depending on the area in which the steel warehouse structure is to be installed, the type of insulation used on the walls and roof is among these variable offerings. It is very important to correctly identify this isolation. Because isolation plays a key role in protecting and extending the life of products stored in steel warehouses. Steel warehouses are very durable, robust and lightweight because the raw material is steel. Steel warehouses are highly preferred, thanks to the fact that it is a durable product that can be easily installed and removed, which is cheaper and more environmentally friendly, and its production is very fast.

Your trustworthy and reliable partner:

Competitive Price

With over 12 years of experience in steel structure industry, BAODU can provide the most reasonable and economical scheme to prevent over designs.

Long term partnerships with raw material product suppliers give us the ability to control quality and price effectively.

Large-scale production reduces our procurement, production and management costs, which can bring customers more economic benefits.

We produce both steel structure (frame) and wall and roof panels, reducing external sourcing, ensuring consistency in product quality and further saving on costs.

Vast Experience in the foreign projects

In the past 13 years, BAODU's products are exported to more than 50 countries and regions, we have vast experience in design, transportation and overseas installation. Do not worry that you are far away from us, whether Asia, Oceania, America or Africa, we can provide installation workers or installation instructions according to customer needs for the project. For us, the end of a project is not you pay us to get the products, but you successfully complete the installation of our products.

Good Quality

Quality first, which is the key to our success in these years. We develop new technologies to improve the performance of our products, even if using the same raw materials, our products will be in more high quality.

Reputation

Our company have a good reputation and credibility in the industry. The customers that we have cooperated evaluate our company as follow, "This is a professional company, which has good service attitude, which really solves problem for customers, which can be trusted by the customers. It's a great thing to cooperate with such a company. You don't need to worry about the quality of the products, don't need to worry about the transport and installation. They will give you the most reasonable and economical design, transportation and installation plan"

Technical Parameters:

Prefabricated Sheet Light Structure Steel Structure Building Warehouse

Purlin	C Section or Z Section
Roof/Wall Cladding	Corrugated plate, PU, EPS, Rock Wool, Fiber Glass sandwich panel
Tie bar	Round Steel Tube
Brace	angle steel, round bar or steel pipe
Knee Brace	Angle Steel
Roof Gutter	Color Steel Sheet
Rain spout	PVC Pipe
Door	Sliding Sandwich Panel Door or Metal rolling door
Windows	PVC/Plastic Steel/Aluminum Alloy Window
Connecting	High Strengthen Bolts, Normal bolts with nuts
Packing	As per your request
Drawing	We can make the design and quotation according to your detailed conditions or as per your drawin
After-sale Service	Online technical support, Onsite Installation, Onsite Training, Onsite Inspection, Free spare parts, Return and Replacement, Other, workshop, warehouse, prefabricated steel structure building, low cost prefab warehouse
Project Solution Capability	graphic design, 3D model design, total solution for projects, Cross Categories Consolidation, Others, steel Structure Prefabricated workshop warehouse, prefabricated steel structure building, low cost prefab warehouse

Customization:
