## Product Description

### BAODU Customized Perforated Metal Cutting With Galvanized Surface Treatment

#### Product Description:

Perforated Metal Sheet is a versatile product that can be used for both indoor and outdoor applications. It is designed with a variety of hole patterns, including round, square, slotted, hexagonal, and decorative, and can be customized to meet any specific requirements. The thickness of the sheet ranges from 0.5mm to 6mm, and the hole diameter ranges from 0.5mm to 100mm. It is available in various surface treatments, such as galvanized, powder-coated, anodized, and painted. The minimum order quantity is customizable.

Perforated Metal Sheet is widely used in industrial and commercial applications, including honeycomb punching, cutting, and small-hole 316 304 aluminum galvanized perforated metal sheet. It is designed to withstand extreme temperatures, harsh chemicals, and abrasion, making it suitable for a variety of applications.

For custom orders, Perforated Metal Sheets are available in various sizes and thicknesses. No matter what type of application you need, we can provide the perfect solution for you. Contact us today to learn more about our perforated metal sheet solutions.

#### Features:

- 1.can be formed easily
- 2.can be paint or polished
- 3.easy installation
- 4.attractive appearance
- 5.wide range of thicknesses available
- 6.largest selection of hole size patterns and configurations
- 7.uniform sound abatement
- 8.light weight
- 9.durable
- 10.superior abrasion resistance
- 11.accuracy of size

#### Applications:

BAODU Perforated Metal Sheet is a superior choice for projects requiring an aesthetically pleasing material. It is available in stainless steel, decorative galvanized stainless steel aluminum, and 316 304 small hole aluminum. It is ideal for a variety of applications, including filters, decorations, and protection. It is highly durable, and its easy installation makes it even more appealing. BAODU Perforated Metal Sheet is ISO9001 certified for quality assurance. It is available in a variety of specifications, including AISI and GB standards. It also offers a tolerance of  $\pm 1\%$ . It can be bent, welded, cut, and punched for customization. It can be purchased in minimum order quantities that are discussible and reasonable. It is delivered within 15 days and accepts payment via L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The maximum supply capacity is 1000 Square Meter/Square Meters per Day.

#### Customization:
