High Durability 150mm Rockwool Acoustic Panels Lightweight Soundproof

Basic Information

Place of Origin:	Hebei,China
Brand Name:	BAODU
Certification:	CE
Model Number:	Acoustic Sandwich Panel
 Minimum Order Quantity: 	Discussible
Price:	Reasonable
 Packaging Details: 	In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
Delivery Time:	15days
Payment Terms:	L/C, D/A, D/P, T/T, Western Union, MoneyGram
Supply Ability:	5000 Square Meters per Day

Product Specification

Product Name:	High Durability Acoustic Rock Wool Sandwich Panel Lightweight Soundproof
Keyword:	Acoustic Sandwich Panel
• OEM / ODM:	Available
• Usage:	Construction Insulation;Building And Other Equipments Thermal Insulation
Durability:	High
Moisture Resistance:	Yes
Soundproof:	Yes
Design Style:	Modern
Warranty:	More Than 50 Years
Thickness:	50MM-200MM
Highlight:	150mm rockwool acoustic panels,

Product Description

Product Description:

Acoustic Sandwich Panel is an ideal product suitable for a wide range of applications, such as warehouses, buildings and other equipments thermal. It is designed to bring acoustic and thermal insulation benefits, providing high levels of sound absorption and heat insulation. Its density ranges from 60 to 200kg/m3, and it comes in various thickness options including 50mm, 75mm, 80mm, 100mm, 125mm, 150mm, and 200mm, which can be customized to meet your needs.

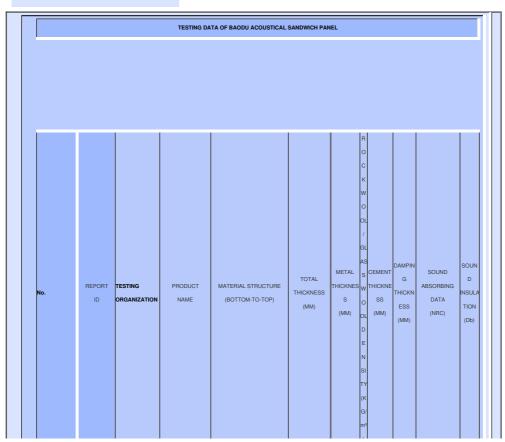

The Acoustic Sandwich Panel is made of a combination of high-quality materials, such as sound absorbing panel and thermal insulation materials. It is lightweight yet durable, and its core is designed to stand the test of time. It can reduce the noise levels in the environment, improving the acoustic environment and making the air more comfortable. Moreover, it effectively blocks out the heat, protecting the interior of the building from external temperature fluctuations.

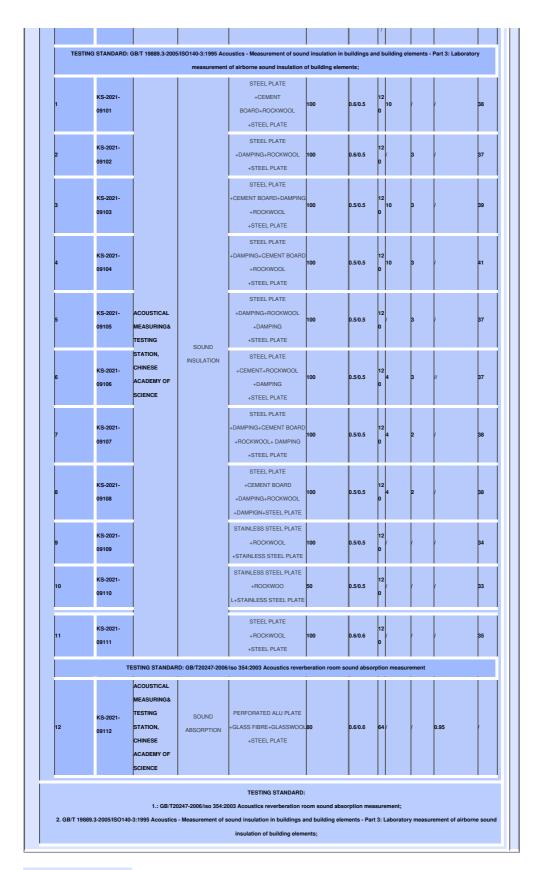

The Acoustic Sandwich Panel is an ideal choice for anyone looking for a sound-proof and thermal-insulated product. It offers excellent performance and is designed to provide long-lasting protection for your building and equipment. With the Acoustic Sandwich Panel, you can create a comfortable and quiet environment.

Features:

Product Name: Acoustic Sandwich Panel Surface: Prepainted OEM / ODM: Available Thickness: 50mm 75mm 80mm 100mm 125mm 150mm 200mm Fireproof Grade: A Design Style: Modern Sound Insulation Panel Sound Absorbing Panel

Applications:

BAODU Acoustic Sandwich Panel: The Perfect Solution for Construction Insulation and Building Thermal Insulation

BAODU acoustic sandwich panel is a perfect solution for construction insulation and building thermal insulation. It provides sound insulation and sound absorption with its high-density core and sound insulation surface, making it the ideal choice for buildings and other equipment. The acoustic sandwich panel is certified with CE, and has a fireproof grade of A, ensuring its durability and quality. With a minimum order quantity of discussible and a reasonable price, it is the perfect solution for your insulation needs.

The acoustic sandwich panel is available in a variety of thicknesses, such as 50mm, 75mm, 80mm, 100mm, 125mm, 150mm and 200mm. It is made of high-grade pre-painted steel, and is easy to install and maintain. The packaging is done in steel frames to keep the goods safe from damage, while sandwich panel and color steel sheet are packed using plastic materials. Delivery time is 15 days, and payment terms include L/C, D/A, D/P, T/T, Western Union and MoneyGram. BAODU acoustic sandwich panel is supplied in 5000 square meters per day.

Customization:

Customized Acoustic Sandwich Panel Brand Name: BAODU Model Number: Acoustic Sandwich Panel Place of Origin: Hebei, China Certification: CE Minimum Order Quantity: Discussible Price: Reasonable Packaging Details: In general, for steel structure , we use the steel frame packing to keep goods not to be broken . Delivery Time: 15days Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram Supply Ability: 5000 Square Meters per Day Material: Rockwool Glasswool Warranty: More Than 50 Years Keyword: Acoustic Sandwich Panel Application: Warehouse, Building And Other Equipments Thermal Steel Thickness: 0.4-0.8mm

We offer customized sound insulation panel solutions to meet special requirements, including Acoustic Sandwich Panel, Sound Insulation Panel, and Sound Insulation Panel. All our products are CE certified and come with reasonable prices, durable packaging, timely delivery and more than 50 years of warranty.

Support and Services:

Acoustic Sandwich Panel Technical Support & Services

We offer a range of technical support and services for Acoustic Sandwich Panel, including: <u>Advice on product selection and installation</u> <u>Test data for acoustic performance</u> <u>Onsite acoustic surveys</u> <u>Finite Element Analysis</u> <u>Installation instructions and diagrams</u> <u>Technical support for product design and development</u>

Packing and Shipping:

Packaging and Shipping

Acoustic Sandwich Panel is packaged in steel frame for easy shipping and handling. Each box will contain 4-6 panels, depending on the size and thickness of the panel. The panels are protected by a polyethylene foam layer to protect them from any damage during shipping. The boxes are then secured with plastic wrap and labeled for easy identification and tracking.

The Acoustic Sandwich Panel will be shipped via ground transportation. For long-distance or international orders, air freight can be arranged.

- Q1: What's the brand name of the Acoustic Sandwich Panel?
- A1: The brand name is BAODU.
- Q2: What is the model number of this Acoustic Sandwich Panel?
- A2: The model number is Acoustic Sandwich Panel.
- Q3: Where is the origin of the Acoustic Sandwich Panel?
