

## Fire Resistance 80mm Glass Wool Sandwich Panel Modern Design Style

Our Product Introduction

for more products please visit us on [baodupanel.com](http://baodupanel.com)

### Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: CE
- Model Number: Glasswool Sandwich Panel
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

### Product Specification

- Product Name: Fire Resistance Glasswool Acoustic Light Weight Thermal Insulation For Modern Design Style
- Width: 1000mm
- Surface Treatment: Customized
- After-sale Service: Online Technical Support, Onsite Installation
- Material: Glasswool
- Density: 64kg/m<sup>3</sup>
- Color: Customer's Require
- Warranty: More Than 50 Years
- Highlight: 80mm glass wool sandwich panel, fire resistance glass wool sandwich panel, 80mm glass wool panel

Our Product Introduction

### Product Description

#### Fire Resistance Glasswool Acoustic Light Weight Thermal Insulation for Modern Design Style

##### Product Description:

Glasswool Sandwich Panel is a modern 2 product with outstanding fire resistance, acoustic insulation, light weight and thermal insulation performance. It is made of glass fiber and foam color steel exterior, which has an amazing warranty of more than 50 years and is available in thicknesses of 50mm, 75mm, 80mm, 100mm, 125mm, 150mm, and 200mm. The length of the panel can be customized according to your needs. This combination of glasswool and foam color steel exterior wall is the perfect choice for roof and wall insulation of any type of structure. It has excellent noise reduction and energy saving performance, making it the ideal solution for any roof and wall insulation project.

## Features:

Product Name: Glasswool Sandwich Panel

Design Style: Modern

Material: Glasswool

Color: Customer's Require

Advantage: Fireproof, Waterproof, Soundproof, Thermal Insulation, Environmental

Panel Type: Glasswool Sandwich Panel

## Technical Parameters:

Allowable vertical load and thermal conductivity of BAODU new model fireproof glasswool roof sandwich panel (allowable deflection $\leq L/200$ )								
S(mm)	W(m <sup>2</sup> K)	D(kg)	P(KN/m <sup>2</sup> )	0.60	0.80	1.00	1.20	1.50
50	0.69	12.95	L(m)	3.74	3.23	2.86	2.57	2.23
70	0.47	14.50	L(m)	5.01	4.34	3.86	3.48	3.05
100	0.36	16.04	L(m)	6.21	5.32	4.73	4.28	3.75
125	0.34	17.06	L(m)	7.11	6.31	5.77	5.33	4.32
150	0.33	18.14	L(m)	8.00	6.94	6.18	5.58	4.89
200	0.30	22.78	L(m)	9.79	8.56	7.63	6.88	6.00

## Applications:

BAODU Glasswool Sandwich Panel is an optimal product for the modern building, which provides excellent fire resistance, acoustic, light weight and thermal insulation. The panel is composed of two layers of color steel sheet with glasswool foam between them. The surface of the panel is with various colors and textures, which is perfect for exterior wall roof. It has a minimum order quantity that is discussible and a reasonable price. The packing is usually a steel frame to keep the goods from being broken, or plastic packing when required. The delivery time is 15 days, and payment terms including L/C, D/A, D/P, T/T, Western Union and MoneyGram. The product has a warranty of more than 50 years, and the color can be customized by customers. It has an excellent supply capacity of 5000 Square Meters per Day.

## Support and Services:

Glasswool Sandwich Panel provides technical support and services, including:

Providing installation instructions and guidance.

Providing technical advice to help customers solve product-related problems.

Providing maintenance and repair services.

Providing replacement parts and components.

## Packing and Shipping:

Packaging and Shipping

Glasswool Sandwich Panel is usually packaged in pallets, with each panel wrapped in plastic for protection. The pallets are then wrapped with stretch film and secured with plastic straps for easy transport and storage. The panels may also be shipped in containers if necessary.
