## Product Description

### EPS Sandwich Wall Panel Customized Length Waterproof for Construction

#### Product Description:

EPS Sandwich Panel is designed for outdoor, waterproof and fireproof applications, such as various roofs and walls of the large size factory, warehouse, exhibition halls, etc. It is made of EPS foam sandwich panel, which has excellent thermal-insulation and soundproof properties, while still being reasonably priced. This panel is also resistant to wind, rain and snow, making it ideal for outdoor use. It is easy to install and maintain, and is also environmentally friendly. With its superior strength and durability, EPS Sandwich Panel is an excellent choice for any building project.
