

## Customized Length Rockwool Sandwich Panel 80mm

### Our Product Introduction

for more products please visit us on [baodupanel.com](http://baodupanel.com)

#### Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: CE
- Model Number: Rockwool Sandwich Panel
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

#### Product Specification

- Product Name: Top-Quality Rockwool Sandwich Panel  
Customized Length MOQ 300-500 Square Meters
- Soundproof: Yes
- Color: RAL Color; Customized
- Design Style: Modern
- MOQ: 300-500 Square Meters
- Waterproof: Yes
- Width: 1000mm
- After-sale Service: Online Technical Support, Onsite Installation
- Usage: Construction Insulation Shop Outdoor Office
- Word: Top-Quality Rockwool Sandwich Panel
- Highlight: **rockwool acoustic panel 80mm,**  
**rockwool sandwich panel 80mm**

## Product Description

### Top-Quality Rockwool Sandwich Panel Customized Length MOQ 300-500 Square Meters

#### Product Description:

Rockwool Sandwich Panel is a kind of composite board made up of a rockwool core and two-sided metal plates. It is an ideal material for wall building, warehouse roofing, and wall & roof insulation due to its superior thermal insulation, fire resistance and energy-saving performance. The density of Rockwool Sandwich Panel ranges from 90 to 150kg/m<sup>3</sup>, and it is available in a wide range of thicknesses from 50mm to 200mm. Moreover, the product has been certified by CE, and online technical support and onsite installation service are available after purchase. Rockwool Insulated Board, Rockwool Composite Board, and Rockwool Sandwich Panels are the most popular products in this category.

#### Features:

Product Name: Rockwool Sandwich Panel

Waterproof: Yes

Advantage: Superior Fireproof-insulation, Fire Proof, Light Weight & Easy To Install, Fireproof Innovative Technology

Steel thickness: 0.4mm-0.8mm

MOQ: 300-500 Square Meters

Type: PU Sealing Rockwool Sandwich Panel

Keywords: Rockwool Composite Panels, Rockwool Composite Panels, Rockwool Insulated Sandwich Board, Insulated Sandwich Panel,

PU Sealing Rockwool Sandwich Panel

#### Applications:

BAODU Rockwool Sandwich Panel: Heat-Insulating and Modern Design

BAODU Rockwool Insulated Sandwich Board is a high-performance, insulated panel used for a variety of applications that require thermal insulation and a modern design. Made from a combination of rockwool and steel, the Rockwool Insulated Panels have a steel thickness of 0.4mm to 0.8mm. This makes them a great choice for a variety of projects that require insulation, such as buildings, walls, and roofs. The Rockwool Insulated Board has an excellent thermal insulation value, making it a great choice for energy efficiency and reducing energy costs.

The Rockwool Insulated Panels have a modern design that will enhance the aesthetic of any building or structure, and the PU sealing ensures a strong, airtight seal. The panels are easy to install and maintain, and they are also fire-resistant, so they can be used in a variety of environments. The panels are available in a variety of sizes, so they can be used for any project.

BAODU Rockwool Insulated Sandwich Board is a great choice for any project that requires thermal insulation and a modern design. The panels are available in a variety of sizes, and they are easy to install and maintain. The panels are fire-resistant and provide excellent thermal insulation, making them a great choice for energy efficiency and reducing energy costs.

If you are looking for a high-performance, insulated panel that is modern and stylish, look no further than BAODU Rockwool Insulated Sandwich Board. With its excellent thermal insulation value, fire-resistance, and easy installation, this is an ideal choice for any project that requires thermal insulation and modern design.

## Customization:

Delivery Time: 15 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability: 5000 Square Meters per Day

Density: 90-150kg/m<sup>3</sup>

Application: Wall Building Warehouse Roofing Wall And Roof

Usage: Construction Insulation Shop Outdoor Office

Advantage: Superior Fireproof-insulation, Fire Proof, Light Weight & Easy To Install, Fireproof Innovative Technology

Certificate: CE

BAODU Rockwool Sandwich Panel is an ideal choice for any construction project. It is lightweight and easy to install, while providing superior fireproof-insulation and fireproof innovative technology. Our panels are certified with CE and have a density of 90-150kg/m<sup>3</sup>. With a minimum order quantity of discussible and reasonable prices, you can trust that you are getting the best value for your money.

We guarantee a delivery time of 15 days and accept multiple payment terms, including L/C, D/A, D/P, T/T, Western Union and MoneyGram. We can provide up to 5000 Square Meters per Day and also offer custom packaging to meet your individual requirements.

BAODU Rockwool Sandwich Panel is the perfect solution for wall building, warehouse roofing, wall and roof construction, insulation, and shop and office outdoor usage. Our panels are reliable, safe and durable, giving you the best value for your money.

## Support and Services:

Technical Support and Service for Rockwool Sandwich Panel

We provide professional technical support and service for Rockwool Sandwich Panel. Our experienced engineers and technicians will ensure that the product meets your requirements and is installed properly.

Our technical support includes:

Installation guidance

Ensure product safety and quality

Provide product maintenance and repair plans

Provide professional after-sales service

Answer technical questions and provide solutions

Our Rockwool Sandwich Panel is designed to provide reliable and long-term performance. We have a team of experienced engineers and technicians who will assist you with any technical issues you may have.

We strive to provide excellent customer service and technical support so that our customers can use our products without any worries.
