- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

Product Specification

- Product Name: PU Sealing Rockwool Sandwich Panel With RAL Color And CE Certificate
- Material: Rockwool, PU, Color Steel
- Keyword: Rockwool Sandwich Panel
- After-sale Service: Online Technical Support, Onsite Installation
- Width: 1000mm
- Heat-insulation: Yes
- Steel Thickness: 0.4mm-0.8mm
- MOQ: 300-500 Square Meters
- Highlight: **PU Sealing panel sandwich rockwool, RAL Color panel sandwich rockwool, CE Certificate mineral wool composite panels**

Product Description

PU Sealing Rockwool Sandwich Panel with RAL Color and CE Certificate

Product Description:

Rockwool Sandwich Panel is a kind of light insulated panel made of rockwool. It is a cost-effective and energy-efficient solution for wall building, warehouse roofing, wall and roof. The width of the panel is 1000mm and the color can be customized according to RAL Color. It also has the features of soundproof and fireproof. After-sale services including online technical support and onsite installation are available. Rockwool Composite Panels, Rockwool Insulated Panels, Rockwool Composite Panels and Rockwool Sandwich Panels are all excellent choices for those who want to build energy-saving and environmental-friendly buildings.

Features:

Product Name: Rockwool Sandwich Panel

Heat-insulation: Yes

Keyword: Rockwool Sandwich Panel, Rockwool Composite Board, Rockwool Composite Panels

Density: 90-150kg/m³

Design Style: Modern

Usage: Construction Insulation, Shop, Outdoor, Office

Technical Parameters:

Technical parameters of BAODU new model fireproof sandwich panel								
Allowable vertical load and thermal conductivity of BAODU new model fireproof rockwool roof sandwich panel (allowable deflection f _s L/200)								
S(mm)	W/m ² K	G(kg)	P=KN/m ²	0.60	0.80	1.00	1.20	1.50

200	0.30	22.78	L(m)	9.79	8.56	7.63	6.88	6.00

Applications:

BAODU Rockwool Sandwich Panel is a type of composite panel which offers superior thermal insulation and acoustic performance. It is made from two layers of rockwool which are then bonded together with high-grade polyurethane foam, making it ideal for applications that require insulation and sound dampening. With its superior quality, the panel is ideal for wall building, warehouse roofing, wall and roof installations, as well as for fire protection.

The panel is available in a range of sizes and thicknesses to suit your specific requirements. It also features a unique PU sealing which helps to protect against moisture and temperature changes. The panel is also certified by CE, guaranteeing a superior level of quality and performance. Additionally, the panel is available at a reasonable price, in standard lengths or customized sizes.

The Rockwool Sandwich Panel from BAODU offers a variety of benefits, making it a great choice for any building project. It is highly efficient in terms of thermal insulation, offering superior thermal resistance and improved acoustic performance. Not only does it offer superior insulation, but it also has excellent fire resistance, making it an ideal choice for fire protection applications. In addition, it is easy to install and requires minimal maintenance, making it a cost-effective solution for any project.

At BAODU, we strive to provide our clients with the highest quality products at competitive prices. We offer the Rockwool Sandwich Panel with a minimum order quantity of 300-500 square meters and a lead time of 15 days. We also accept payment through L/C, D/A, D/P, T/T, Western Union, MoneyGram. Our experienced team can supply up to 5000 square meters per day, ensuring that you get the best products and services that you need.
