

## Customized Length Glasswool Sandwich Panel 75mm Thickness

### Our Product Introduction

for more products please visit us on [baodupanel.com](http://baodupanel.com)

#### Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: CE
- Model Number: Glasswool Sandwich Panel
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

#### Product Specification

- Panel Type: Glasswool Sandwich Panel
- Project Solution Capability: Graphic Design 3D Model Design Total Solution For Project
- Warranty: More Than 50 Years
- Design Style: Modern
- Length: Customized
- Density: 64kg/m<sup>3</sup>
- Width: 1000mm
- After-sale Service: Online Technical Support, Onsite Installation
- Highlight: **glasswool sandwich panel customized length, 75mm thickness glasswool sandwich panel, glass wool sandwich panel customized length**

## Product Description

### Features:

Product Name: Glasswool Sandwich Panel

Panel Type: Glasswool Sandwich Panel

Width: 1000mm

Keyword: 1

Material: Glasswool

Design Style: Modern

Features:

Fire resistant

Glasswool material

Acoustic properties

Light weight

Thermal insulation

Fireproof

Foam Color Steel Exterior Wall Panel

### Technical Parameters:

Technical parameters of BAODU new model fireproof sandwich panel								
Allowable vertical load and thermal conductivity of BAODU new model fireproof rockwool roof sandwich panel (allowable deflection $f \leq L/200$ )								
S(mm)	W/m <sup>2</sup> K	G(kg)	P=KN/m <sup>2</sup>	0.60	0.80	1.00	1.20	1.50
50	0.75	15.53	L(m)	3.66	3.13	2.75	2.46	2.12
70	0.53	18.37	L(m)	4.90	4.22	3.73	3.35	2.91
100	0.41	21.21	L(m)	5.99	5.17	4.58	4.12	3.59
125	0.36	24.05	L(m)	6.91	5.96	5.28	4.79	4.14
150	0.31	26.88	L(m)	7.62	6.75	5.98	5.37	4.68
200	0.23	22.78	L(m)	9.65	8.33	7.38	6.62	5.77
Allowable vertical load and thermal conductivity of BAODU new model fireproof glasswool roof sandwich panel (allowable deflection $f \leq L/200$ )								
S(mm)	W/m <sup>2</sup> K	G(kg)	P=KN/m <sup>2</sup>	0.60	0.80	1.00	1.20	1.50

### Applications:

Product Name: Glasswool Sandwich Panel

Brand Name: BAODU

**Model Number:** Glasswool Sandwich Panel

**Place of Origin:** Hebei, China

**Certification:** CE

**Minimum Order Quantity:** Discussible

**Price:** Reasonable

**Packaging Details:** In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.

**Delivery Time:** 15days

**Payment Terms:** L/C, D/A, D/P, T/T, Western Union, MoneyGram

**Supply Ability:** 5000 Square Meters per Day

**Panel Type:** Glasswool Sandwich Panel

**Warranty:** More Than 50 Years

**Length:** Customized

**Advantage:** Fireproof/ Waterproof/ Soundproof/ Thermal Insulation/ Environmental Application and Scenario

The Glasswool Sandwich Panel, also known as Glass Fiber Sandwich Panel, is a type of building material that is widely used in various construction projects. It is made of two layers of color steel exterior wall panels and a layer of foam in the middle, which is connected by adhesive and high-strength bolts. This unique structure makes it not only lightweight but also strong and durable.

Due to its excellent properties, the Glasswool Sandwich Panel has a wide range of applications in different industries and scenarios. Here are some examples:

**Industrial Buildings:** The Glasswool Sandwich Panel is commonly used in the construction of industrial buildings such as factories, warehouses, and workshops. Its fireproof, waterproof, and thermal insulation properties make it an ideal choice for these types of buildings. It also provides a clean and neat appearance, enhancing the overall aesthetic of the building.

**Commercial Buildings:** The Glasswool Sandwich Panel is also widely used in commercial buildings such as shopping malls, office buildings, and hotels. Its soundproof and thermal insulation properties create a comfortable and quiet environment for customers and employees. It is also easy to install and maintain, making it a cost-effective choice for commercial buildings.

**Residential Buildings:** In recent years, the Glasswool Sandwich Panel has been increasingly used in residential buildings. Its lightweight and easy installation make it a popular choice for modern homes. It also provides excellent thermal insulation, helping to reduce energy consumption and save on heating and cooling costs.

### Customization:

Product Attributes

**Fireproof:** Our Glasswool Sandwich Panels are made with fireproof materials, keeping your building safe from potential fires.

**Waterproof:** The Foam Color Steel Exterior Wall Panels provide excellent waterproofing, protecting your building from water damage.

**Soundproof:** The thermal insulation panel of our Glasswool Sandwich Panels also help to reduce noise pollution, creating a peaceful and comfortable environment.

**Thermal Insulation:** Our Glasswool Sandwich Panels are designed to provide excellent thermal insulation, keeping your building warm in the winter and cool in the summer.

**Environmental:** We prioritize using environmentally friendly materials in our products, ensuring that our Glasswool Sandwich Panels are not harmful to the environment.

Customizable Service

At BAODU, we understand that every building project has unique requirements and specifications. That's why we offer customizable services for our Glasswool Sandwich Panels to meet your specific needs. You can customize the length, surface treatment, and even the thickness of our panels to fit your building perfectly.

Our team of experts will work closely with you to ensure that your Glasswool Sandwich Panels are tailored to your exact specifications, providing you with a high-quality and durable building solution.

Choose BAODU for your next building project and experience the benefits of our customizable Glasswool Sandwich Panels.

### Support and Services:

Glasswool Sandwich Panel

Technical Support and Services

At Glasswool, we are committed to providing the highest quality products and services to our customers. Our Glasswool

Sandwich Panel is a versatile and durable building material that offers excellent thermal and acoustic insulation properties. We understand that every project and customer has unique needs and requirements, and we are dedicated to providing the necessary technical support and services to ensure the successful use of our product.

#### Technical Guidance

Our team of experts is available to provide technical guidance and support throughout the entire process, from product selection to installation. We can assist with product specifications, design recommendations, and installation techniques to ensure optimal performance of our Glasswool Sandwich Panel in your specific project.

#### Customization

We understand that every project has its own set of requirements and challenges. That's why we offer customization options for our Glasswool Sandwich Panel to meet your specific needs. Our team can work with you to develop customized solutions that are tailored to your project's requirements.

#### Training and Education

We believe that knowledge is key to using our products effectively. That's why we offer training and education programs to our customers to help them understand the proper handling, installation, and maintenance of our Glasswool Sandwich Panel. Our training sessions are conducted by our experienced professionals and cover all aspects of our product.

#### After-Sales Service

Our commitment to our customers does not end with the sale of our product. We offer comprehensive after-sales service to ensure the continued performance of our Glasswool Sandwich Panel. Our team is available to provide technical assistance, troubleshooting, and maintenance support to address any issues that may arise.

With our extensive technical support and services, you can trust Glasswool Sandwich Panel to provide superior performance and durability for your building projects. Contact us today to learn more about our product and how we can assist you in your project.
