

Customized Building Glasswool Sandwich Panel Insulation 1000mm Width

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: CE
- Model Number: Glasswool Sandwich Panel
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

Product Specification

- Width: 1000mm
- After-sale Service: Online Technical Support, Onsite Installation
- Project Solution Capability: Graphic Design 3D Model Design Total Solution For Project
- Product Name: Customized Glasswool Sandwich Panel Insulation For Any Requirement
- Density: 64kg/m³
- Warranty: More Than 50 Years
- Keyword: Glass Wool Sandwich Panel
- Thickness: 50mm 75mm 80mm 100mm 125mm 150mm 200mm
- Highlight: building insulation glasswool sandwich panel, 1000mm Width glasswool sandwich panel, 1000mm Width glass wool sandwich panel

Product Description

Product Description:

Product Overview: Glasswool Sandwich Panel

The Glasswool Sandwich Panel, also known as Glass Fiber Sandwich Panel, is a popular choice for building and construction applications. This revolutionary product is known for its fireproof, waterproof, soundproof, thermal insulation, and environmental properties. It is a modern and versatile solution for various building and construction needs.

Advantages:

Fireproof: The Glasswool Sandwich Panel is made of fireproof glass wool material that can withstand high temperatures and resist fire, making it a safe and reliable choice for buildings.

Waterproof: The panels are designed with a waterproof layer that prevents water from seeping through, making it suitable for use in areas with high humidity or moisture.

Soundproof: The Glasswool Sandwich Panel has excellent sound insulation properties, reducing noise levels and creating a peaceful and comfortable environment.

Thermal Insulation: The panels are designed with a thermal insulation layer that helps to regulate temperature and reduce energy consumption, making it an energy-efficient choice.

Environmental: The Glasswool Sandwich Panel is made of eco-friendly materials and is 100% recyclable, making it a sustainable and environmentally friendly choice.

Customized Length and Design:

The Glasswool Sandwich Panel is available in various lengths and thicknesses to meet different design and construction requirements. The length can be customized according to the specific needs of the project. The panels also come in a modern design that adds a sleek and stylish look to any building.

Product Specifications:

Product Name: Glasswool Sandwich Panel

Thickness: 50mm, 75mm, 80mm, 100mm, 125mm, 150mm, 200mm

Length: Customized

Design Style: Modern

With its many advantages and customizable options, the Glasswool Sandwich Panel is the perfect choice for any building or construction project. Its fireproof, waterproof, soundproof, thermal insulation, and environmental properties make it a reliable and sustainable solution for a wide range of applications.

Features:

Product Name: Glasswool Sandwich Panel

Length: Customized

Warranty: More Than 50 Years

Material: Glasswool

Keyword: 1

Advantage:

Fireproof

Waterproof

Soundproof

Thermal Insulation

Environmental

Features:

Glasswool Sandwich Panel with excellent fire resistance

Acoustic light weight thermal insulation

Foam Color Steel Exterior Wall Panel

Customized length for flexible and convenient installation

More than 50 years of warranty, providing long-lasting protection

Made of glasswool material, ensuring durability and sustainability

Waterproof, preventing water leakage and damage to the building structure

Soundproof, reducing noise pollution and creating a quiet and comfortable environment

Thermal insulation, effectively maintaining indoor temperature and saving energy costs

Environmental, using eco-friendly materials and promoting green building practices

Technical Parameters:

allowable vertical load and thermal conductivity of BAODU new model fireproof glasswool roof sandwich panel (allowable deflection $f \leq L/200$)								
S(mm)	W/m ² K	G(kg)	P=KN/m ²	0.60	0.80	1.00	1.20	1.50
50	0.69	12.95	L(m)	3.74	3.23	2.86	2.57	2.23
70	0.47	14.50	L(m)	5.01	4.34	3.86	3.48	3.05
100	0.36	16.04	L(m)	6.21	5.32	4.73	4.28	3.75
125	0.34	17.06	L(m)	7.11	6.31	5.77	4.93	4.32
150	0.33	19.14	L(m)	8.00	6.94	6.18	5.58	4.89
200	0.30	22.78	L(m)	9.79	8.56	7.63	6.88	6.00

Applications:

Product Name: BAODU Glasswool Sandwich Panel

Product Description

The BAODU Glasswool Sandwich Panel is a type of building material that is widely used in construction for its exceptional insulation properties. This product is made of a layer of fireproof glass wool sandwiched between two layers of foam color steel exterior walls, providing excellent heat preservation and sound insulation for buildings.

Application

The Glasswool Sandwich Panel is suitable for a variety of building types, including commercial and industrial buildings, residential homes, warehouses, and agricultural structures. It can be used for both exterior and interior walls, roofs, and floors, making it a versatile choice for any construction project.

Features

Fireproof: The fireproof glass wool material used in this sandwich panel makes it a safe choice for buildings, providing added protection against fire hazards.

Insulation: With a density of 64kg/m³, the Glasswool Sandwich Panel offers excellent thermal insulation, helping to reduce energy consumption and costs.

Easy Installation: The lightweight nature of this product makes it easy to handle and install, saving time and labor costs during construction.

Durable: The Glasswool Sandwich Panel has a lifespan of more than 50 years, making it a long-lasting and cost-effective solution for buildings.

Environmentally Friendly: This product is made of recyclable materials and does not emit any harmful substances, making it an environmentally friendly choice for construction projects.

Packaging and Delivery

The Glasswool Sandwich Panel is packaged using steel frames for steel structures and plastic packaging for sandwich panels and color steel sheets. Special packaging can also be provided upon request from clients. The delivery time is 15 days, and we have a supply ability of 5000 square meters per day.

Certification and Warranty

Our Glasswool Sandwich Panel is certified with CE, ensuring its quality and safety standards. We also offer a warranty of more than 50 years for our product, giving our clients peace of mind and confidence in their purchase.

Ordering Information

The minimum order quantity for the BAODU Glasswool Sandwich Panel is discussible, and the price is reasonable. We accept various payment terms, including L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Conclusion

The BAODU Glasswool Sandwich Panel is a reliable and high-quality building material that offers excellent insulation, fireproofing, and environmental benefits. With easy installation and long-term durability, it is an ideal choice for various construction projects. Contact us now to discuss your requirements and place an order.

Support and Services:

Glasswool Sandwich Panel Technical Support and Services

Our company is committed to providing high-quality technical support and services for our Glasswool Sandwich Panel product. We understand the importance of reliable and efficient support for our customers, and we strive to continuously improve and enhance our services to meet your needs.

Technical Support

We have a team of experienced engineers and technicians who are well-trained in the production, installation, and maintenance of Glasswool Sandwich Panel. They are available to provide you with technical assistance and advice on any issues you may encounter. Our technical support includes:

Product specifications and technical data

Installation guidance and instructions

Troubleshooting and problem-solving

Training for proper usage and maintenance

Services

In addition to technical support, we also offer a variety of services to ensure the best performance and longevity of our Glasswool Sandwich Panel:

Customized design and manufacturing to meet your specific requirements

On-site installation by our skilled technicians

Regular maintenance and inspections to ensure optimal performance

Repair and replacement of damaged panels

Our goal is to provide you with the best possible support and services to ensure your satisfaction with our Glasswool Sandwich Panel product. Please do not hesitate to contact us for any technical support or service inquiries. We are always here to assist you.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is BAODU.

Q: What is the model number of this product?

A: The model number of this product is Glasswool Sandwich Panel.

Q: Where is this product manufactured?

A: This product is manufactured in Hebei, China.

Q: Does this product have any certifications?

A: Yes, this product is certified with CE.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is discussible.

Q: What is the price of this product?

A: The price of this product is reasonable.

Q: How is this product packaged?

A: In general, for steel structure, we use steel frame packaging to keep the goods from being broken. For sandwich panel and color steel sheet, we use plastic packaging. Special packaging can be arranged according to the clients' requirements.

Q: What is the delivery time for this product?

A: The delivery time for this product is 15 days.

Q: What are the payment terms for this product?

A: The payment terms for this product include L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Q: What is the supply ability of this product?

A: The supply ability for this product is 5000 square meters per day.
