

Stainless Steel Hot Rolled / Cold Rolled Coil

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Coil
- Minimum Order Quantity: 1 ton
- Price: Reasonable
- Packaging Details: Standard export waterproof package, suit for all kinds of transport, or as required
- Delivery Time: 7-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Ton/Tons per Month

Product Specification

- Application: Construction/ Automotive/ Manufacturing/ Construction Structure
- PAYMENT TERM: 30% Advance + 70% Balance
- Port: Tianjin
- Matching Material: Stainless Steel
- Technique: Hot Rolled/Cold Rolled
- Tolerance: $\pm 1\%$
- Holes Punching: Post Holes Punching After Profile Formed
- Product Name: Stainless Steel Hot Rolled/Cold Rolled Cold Rolled Steel Coil
- Highlight: **Hot Rolled Cold Rolled Steel Coil, Cold Rolled Steel Coil, Stainless Steel Cold Rolled Steel Coil**

Product Description

Stainless Steel Hot Rolled/Cold Rolled Cold Rolled Steel Coil

Product Description:

Type	Cold Drawn or Hot Rolled
Thickness	0.1-300mm
Width	1000, 1219, 1500, 2000, 2500, 3000mm etc.
Length	1000, 1500, 2438, 3000, 5800, 6000, 9000, 12000mm etc.
Standard	ASTM JIS AISI GB DIN EN
Surface Finished	BA, 2B, NO.1, NO.4, 4K, HL, 8K
Application	<p>It is widely used in high-temperature and electric industry, medical devices, construction, chemistry, food industry, agriculture, and ship components.</p> <p>It also applies to food and beverage packaging, kitchen supplies, trains, aircraft, conveyor belts, vehicles, bolts, nuts, springs, and screen mesh etc. .</p>
Certification	CE, ISO, SGS, BV
Technique	Hot rolled or cold drawing
Edge	Mill Edge / Slit Edge
Quality	SGS Inspection
Grade(ASTM UNS)	201 202 301 304 304L 321 316 316L 317L 347H 309S 310S 904L S32205 2507 254SMOS 32760 253MA N08926 etc.
Grade (EN)	1.4301, 1.4307, 1.4541, 1.4401, 1.4404 ,1.4571, 1.4438, 1.4539, 1.4547, 1.4529, 1.4562, 1.4410, 1.4878, 1.4845, 1.4828, 1.4876, 2.4858, 2.4819
Price Terms	CIF CFR FOB EX-WORK
Export Packing	Waterproof Paper, Steel Strip Packed and other Standard Export Seaworthy Package, or customized package
Supply Ability	5000 Ton/Tons per Month
Payment Terms	T/T L/C and Western Union etc.

Features:

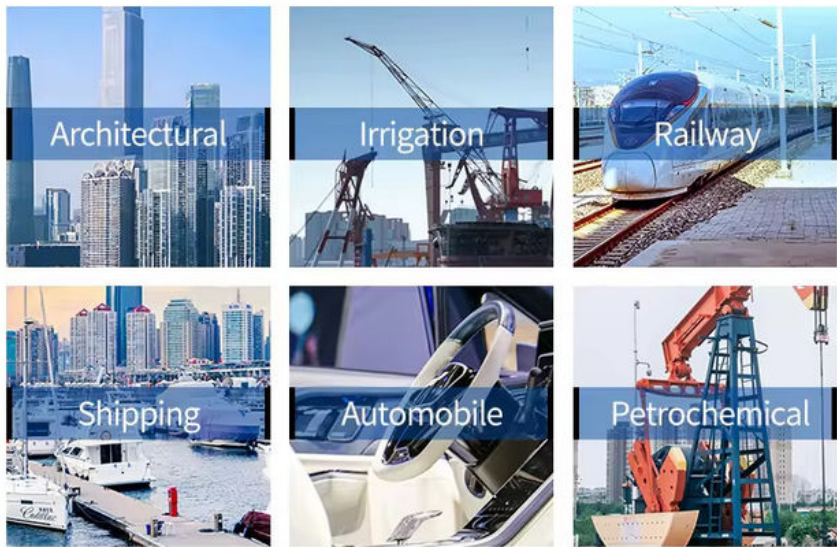

Product Name: Steel Coil
Grade: SS400, Q235, Q345R, SA302, SA516, A572, S275, S355
Cutting: Fly Saw Tracking Cut
Material Thickness Range: 0.4-2.0 Mm
Matching Material: Stainless Steel
Surface Treatment: Customized Or Galvanized
Cold Rolled Steel Coil, Cold Rolled Gi Coil Ss400 Q235 Q345r Sa302 Sa516 A572 S275 S355, Color Coated Steel Coil galvanized

Technical Parameters:

Surface Finished	Characteristics	application
NO.1	Finished by hot-rolling, smoother and pickling, characterized by white pickled surface.	Chemical industry equipment, Industrial tanks.
2B	Finished by anneal treatment, pickling after cold rolling, followed by skin pass line to more brighter and smoother surface.	General application medical instruments, Tableware.
BA	Bright anneal treatment after cold rolling.	Kichen utenstil, Kitchen ware,Architectural purpose.
NO.4(Satin)	Finished by incontinuous linear brushing	Architecture,industries,Escalators, Kitchen ware, Vehicles.
Hairline	Finished by continuous linear brushing	Architecture,industries,Escalators, Kitchen ware, Vehicles.
8K(mirror)	A mirror-like reflective surface by polishing with finer abrasives over 800 mesh.	Reflector, Mirror, Interior- Exterior decoration for building.

Applications:

The BAODU Steel Coil is a versatile product that finds its use in a wide range of applications. The product is made of high-quality stainless steel and is available in various models like 309s, 316, 316l, 304, and 321. The steel coil is manufactured in Hebei, China, and is certified with ISO9001 and CE. The product can be used for a variety of purposes, including:

Automotive Industry: The BAODU Steel Coil is used in the manufacturing of automotive parts like exhaust systems, mufflers, and catalytic converters. The product's high durability and resistance to corrosion make it an ideal choice for this industry.

Construction Industry: The Steel Coil is also used in the construction industry for making building structures, roofing, and cladding. The product's strength and flexibility make it an excellent choice for this industry.

Household Appliances: The Steel Coil is used in the manufacturing of household appliances like refrigerators, air conditioners, and water heaters. The product's resistance to corrosion and high-temperature stability make it an ideal choice for this industry.

Food Industry: The Steel Coil is used in the food industry for making food processing equipment. The product's high-temperature stability and resistance to corrosion make it an ideal choice for this industry.

Customization:

• Big Spangle •

• Regular Spangle •

• Mini Spangle •

• Zero Spangle •

Customize your Galvanized Steel Coil Z275 or Cold Rolled Gi Coil SS400 Q235 Q345R SA302 SA516 A572 S275 S355 with BAODU. Our steel coils are certified with ISO9001 and CE, ensuring quality and reliability. Minimum order quantity is 1 ton and we offer reasonable prices. Our packaging is standard export waterproof package, suitable for all kinds of transport, or as required. Delivery time is 7 days and we offer flexible payment terms such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Our supply ability is 5000 Ton/Tons per month. Customize the surface treatment to your preference, whether it be customized or galvanized. Choose from a variety of grades including SS400, Q235, Q345R, SA302, SA516, A572, S275, and S355. Our cutting method is fly saw tracking cut and we also offer holes punching after profile formed. We also offer matching material in stainless steel such as 309s, 316, 316L, 304, and 321 stainless steel coil.

Support and Services:

Our technical support team is available to answer any questions or concerns you may have about our Steel Coil product. We can provide guidance on proper installation and maintenance to ensure optimal performance and longevity of the product. Additionally, we offer various services such as custom cutting and sizing to meet your specific needs. If you encounter any issues or defects with your Steel Coil, our team is equipped to provide timely and efficient solutions to minimize any downtime or disruptions to your operations.

Packing and Shipping:

Product Packaging:

The steel coils will be packed securely with steel strapping and covered with plastic wrap to protect against moisture and dust. Each coil will be labeled with the product name, dimensions, weight, and lot number for easy identification.

Shipping:

The steel coils will be shipped via flatbed truck or container ship, depending on the destination. Our team will coordinate with the shipping company to ensure timely delivery and provide tracking information. It is important to note that additional fees may apply for expedited shipping or special handling requests.

FAQ:

Q1: What is the brand name of the product?

A1: The brand name of the product is **BAODU**.

Q2: What is the model number of the product?

A2: The model number of the product is **Steel Coil**.

Q3: What is the place of origin of the product?

A3: The product is manufactured in **Hebei, China**.

Q4: What certifications does the product have?

A4: The product is certified by **ISO9001** and **CE**.

Q5: What are the payment terms for the product?

A5: We accept **L/C, D/A, D/P, T/T, Western Union, MoneyGram** as payment terms for the product.
