

Galvanized Customized Grade Steel Coil For Profile Formed

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei,China
- Brand Name: BAODU
- Certification: ISO9001,CE
- Model Number: Steel Coil
- Minimum Order Quantity: 1 ton
- Price: Reasonable
- Packaging Details: Standard export waterproof package, suit for all kinds of transport, or as required
- Delivery Time: 7days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Ton/Tons per Month

Product Specification

- Grade: SS400, Q235, Q345R, SA302, SA516, A572, S275, S355
- Standard: AISI, ASTM,GB,JIS,ect
- Matching Material: Stainless Steel
- Holes Punching: Post Holes Punching After Profile Formed
- Surface Treatment: Customized Or Galvanized
- Shape: Coil
- PAYMENT TERM: 30%Advance + 70% Balance
- Certificate: CE, BIS, ISO9001
- Port: Tianjin
- Tolerance: $\pm 1\%$
- Highlight: Customized Grade Steel Coil,
Profile Formed Steel Coil, Galvanized Steel Coil

Product Description

Product Description:

Good mechanical properties

The production process of cold rolled steel coil is complicated, which needs to go through many links such as pickling, quenching and finishing.

It has high strength and plasticity, so it is widely used in the manufacture of auto parts, mechanical equipment and building materials.

Decorative and rust resistant

The cold rolled steel coil has smooth surface, no oxide skin and burr, and has good decorative and rust resistance.

Higher precision

The cold-rolled coil product size is accurate, the thickness is uniform, and the thickness difference of the coil is generally not more than 0.01-0.03mm or smaller, which can fully meet the requirements of high-precision tolerances.

The fine scale is thinner

The thinnest cold rolling can be rolled 0.001mm

Features:

Our Steel Coil product is ideal for a variety of applications, including Custom Colored Metal Roofing Sheet Building Materials and Stainless Steel Strip. With a tolerance of $\pm 1\%$, you can trust that your materials will meet your exact specifications. The port of Tianjin ensures efficient transportation and timely delivery. Our Steel Coil can be cut using a Fly Saw Tracking Cut, and holes can be punched after the profile is formed for added precision and customization.

Technical Parameters:

Surface Finished	Characteristics	application
NO.1	Finished by hot-rolling, smoother and pickling, characterized by white pickled surface.	Chemical industry equipment, Industrial tanks.
2B	Finished by anneal treatment, pickling after cold rolling, followed by skin pass line to more brighter and smoother surface.	General application medical instruments, Tableware.
BA	Bright anneal treatment after cold rolling.	Kitchen utensil, Kitchen ware, Architectural purpose.
NO.4(Satin)	Finished by incontinuous linear brushing	Architecture, industries, Escalators, Kitchen ware, Vehicles.
Hairline	Finished by continuous linear brushing	Architecture, industries, Escalators, Kitchen ware, Vehicles.

8K(mirror)	A mirror-like reflective surface by polishing with finer abrasives over 800 mesh.	Reflector, Mirror, Interior- Exterior decoration for building.
------------	---	--

Stainless steel sheet & SS plate provide a low maintenance, corrosion resistance solution for a variety of industrial applications. Some of the typical uses for stainless steel include:

- * Food Processing & Handling
- * Storage Tanks
- * Heat Exchangers
- * Electrical Enclosures
- * Chemical Process Vessels
- * Conveyors * Architectural & Construction
- * Marine Parts & Equipment

Customization:

Packing and Shipping:

The sheets is packed with PVC film or water-proof kraft in the first layer, the second layer is iron sheet package, then wrapped on the metal pallet or metal square tube with steel strip. It's is water-proof and sea-worthy, and warmly welcomed by the customers. OEM accepted, besides, the package can also be according to your demands.

Our advantages:

Optimized Material, Good Wear Resistance, Long Service Life
 24 Hours Online, Professional Team, To Provide Better Service
 Support Customization, Can Be Made According To Customer Needs
 Have Long-term Cooperation With Freight Forwarding Company Fast Delivery
