- Grade: Q235, Q355
- Door: Sliding Door, Rolling Door, Shutter Single Door, Color Steel
- Roof And Wall: Corrugated/EPS/PU/Rock Wool/glass Wool
- Keyword: Steel Structure Building Warehouse
- Weather Resistance: High
- Installation: Easy
- Drawing Design: SAP2000/AutoCAD /PKPM /3D3S/TEKLA
- Window: Aluminum Alloy Window, Plastic Steel
- Delivery Time: 15-21 Days
- Highlight: Modern Steel Structure Apartment Building

Product Description

Modern Steel Structure Apartment Building House Frame Prefab Steel Structure Warehouse

Product Description:

The roof and walls of this steel warehouse are made from high-quality materials such as corrugated, PU, Rock Wool or glass Wool. This ensures that the building is weather-resistant and can withstand harsh weather conditions. Whether you need a warehouse, workshop, industrial steel hangar hall, or any other type of steel structure, this product is a great choice.

The gable frame Steel Structure provides excellent stability and strength, making it perfect for heavy-duty applications. You can trust this building to provide a safe and secure space for your business or personal needs.

The surface treatment of this prefab steel warehouse includes hot dip galvanising or painting, ensuring that the building is protected against rust and other forms of corrosion. This makes it a low-maintenance option, saving you time and money in the long run.

If you are looking for a reliable and cost-effective solution for your building needs, the Prefab Steel Warehouse is the perfect choice. With its easy installation, low maintenance requirements, and high weather resistance, this steel structure is a great investment for any business or individual.

(2) In order to give you an exactly quotation and drawings, please let us know the length, width, eave height and local weather. We will quote for you promptly.

Technical Parameters:

If you are interested in our steel structure , please give us the following information:

- 1 Location (where will be built?) _____country, area
- 2 Size: Length*width*height _____mm*_____mm*_____mm
- 3 wind load (max. Wind speed) _____kn/m2, _____km/h, _____m/s
- 4 snow load (max. Snow height)_____kn/m2, _____mm
- 5 anti-earthquake _____level
- 6 brickwall needed or not If yes, 1.2m high or 1.5m high
- 7 thermal insulation If yes, EPS, fiberglass wool, rockwool, PU sandwich panels will be suggested; If not, the metal steel sheets will be ok. The cost of the latter will be much lower than that of the former.
- 8 door quantity & size _____units, _____(width)mm*_____(height)mm
- 9 window quantity & size _____units, _____(width)mm*_____(height)mm
- 10 crane needed or not If yes, _____units, max. Lifting weight_____tons; Max. Lifting height _____m.

Applications:

BAODU Steel Warehouse is an ideal solution for various storage needs. The product is manufactured in Hebei, China and comes with ISO9001 and CE certifications, ensuring high quality. The minimum order quantity is discussible and the price is reasonable, making it accessible to a wide range of customers.

The Steel Warehouse is suitable for various occasions and scenarios. It can be used as a gable frame Steel Structure for industrial, agricultural, and commercial purposes. The product is perfect for Steel warehouse workshop, hangar, hall, and other steel structure applications.

The Steel Warehouse features corrugated/EPS/PU/Rock Wool/glass Wool roofing and wall options, providing excellent insulation and durability. The roof and wall panel options include Color Steel Veneer, Rockwool Sandwich Panel, PU Sandwich Panel, and more. The product has a tolerance of $\pm 1\%$, ensuring accuracy and precision in construction.

The Steel Warehouse is packed using steel frame packing for steel structures to prevent goods from breaking during transportation. For sandwich panels and color steel sheets, plastic packing is used. Special packing requirements can be accommodated based on customer needs.

The Steel Warehouse offers high security for stored items. The gable frame Steel Structure provides stability and strength, ensuring items are not damaged due to structural issues. The product is an excellent choice for those looking for a reliable and secure storage solution.

Overall, the BAODU Steel Warehouse is a versatile product that can be used in a variety of scenarios. The product is manufactured to high standards, ensuring durability and security. The various roofing and wall options provide flexibility and customization options. The Steel Warehouse is an excellent choice for those looking for a reliable and affordable storage solution.

Advantages:

1. Quality: imported equipment from Germany and Switzerland, professional workers who have been engaged in more than ten years, have their own research and development department, and fully meet the use standards of various countries.
2. Customized service: We arrange special person to connect according to customer needs, one-to-one service.
3. Technical support:

Activity room: We provide online guidance and installation services by dedicated personnel, as well as after-sales team service 24/7.
Workshop: We have nearly 50 professional engineers who can go abroad to provide technical support and guidance until all problems are solved for our customers.

4. International trade operation: We have been focusing on international trade in the construction industry for more than ten years, and have accumulated various experiences from different customers in different countries. So we can keep our operations up to date with our customers and new rules. Helps in customs clearance and saves cost and time for our customers.

OUR CERTIFICATE
