

Modular Light Prefabricated Steel Structure Building Workshop Warehouse

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei,China
- Brand Name: BAODU
- Certification: ISO9001,CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure , we use the steel frame packing to keep goods not to be broken . For sandwich panel and color steel sheet, we use the plastic packing . If the clients need special packing will according to their requirements.
- Delivery Time: 21days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

Product Specification

- Product Name: Light Steel Structure For Prefabricated House Building Metal Customized Construction Steel Structure For Workshop Warehouse
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Keyword: Steel Structure Building Warehouse
- Roof & Wall Panel: Color Steel Veneer, Rockwool Sandwich Panel, PU Sandwich Panel Etc
- Surface Treatment: Hot Dip Galvanised Or Painted
- Drawing Design: SAP2000/AutoCAD /PKPM /3D3S/TEKLA
- Roof And Wall: Corrugated/EPS/PU/Rock Wool/glass Wool
- Security: High
- Window: Aluminum Alloy Window, Plastic Steel

Product Description

Light Steel Structure for Prefabricated House Building Metal Customized Construction Steel Structure for Workshop Warehouse

Product Description:

The installation of this building is incredibly easy and can be completed quickly. The steel structure is pre-fabricated, which means that it is made in a factory and then assembled on-site. This process is much faster than traditional construction methods, which can take months or even years.

The drawing design of this building is done using SAP2000, AutoCAD, PKPM, 3D3S, or TEKLA software. This ensures that the building is designed to be structurally sound and capable of withstanding the loads it will be subjected to.

The roof and wall panels of this building are made from high-quality materials, including color steel veneer, rockwool sandwich panel, and PU sandwich panel. These materials are chosen for their durability, insulation properties, and fire resistance.

This building is perfect for use as a steel warehouse, workshop, hangar, hall, or any other type of industrial building. It is designed to be strong, durable, and long-lasting, making it a great investment for any business owner looking for a reliable and cost-effective building solution.

Overall, the Prefab Steel Warehouse is a great choice for anyone looking for a high-quality steel structure building that is easy to install, durable, and designed to withstand harsh weather conditions. Whether you need a building for storage, manufacturing, or any other industrial purpose, this building is sure to meet your needs and exceed your expectations.

Features:

Items	Specifications
Main structure	Q235B, Q345B, S235, S355, SS400 etc.
Purlin and girts	Cold rolled C or Z steel, Q355B or Q235B
Gutter	Galvanized steel
Wall & roof	EPS sandwich panel, Mineral wool sandwich panel, PU sandwich panel and corrugated steel sheet
Doors	Sliding door or roller shutter door
Sliding door or roller shutter door	PVC or aluminum
Other components are available upon request, please provide the detailed for custom design	

Technical Parameters:

Prefab Warehouse Construction	Building Galvanized Storage Light Steel Building
Drawing design	SAP2000/AutoCAD /PKPM /3D3S/TEKLA
Type	Light Steel Structure
Purlin	C.Z Shape Steel
Roof and Wall	Corrugated/EPS/PU/Rock Wool/glass Wool
Fire Resistance	High
Grade	Q235, Q355
Durability	High
Roof & Wall Panel	Color Steel Veneer, Rockwool Sandwich Panel, PU Sandwich Panel Etc
Installation	Easy
Material	Steel
Steel warehouse workshop hangar hall steel structure	

Applications:

- 1) Moisture and heat resistance, waterproof and fireproof.
- 2) It can be freely lifted, fixed and combined.
- 3) Convenient transportation, cheap price and cost saving.
- 4) It is easy to assemble and disassemble, and it will not be damaged many times.
- 5) The service life is more than 50 years.
- 6) We provide remote online installation, supervision and training services. For major projects, we will conduct on-site guidance, installation and post-maintenance.
- 7) Prefabricated houses, offices, warehouses, workshops, greenhouses, workshops, garages, cold storages, container houses, hotels, toilets, etc...

The Steel Warehouse is suitable for a variety of applications, including warehouse storage, workshop areas, hangar halls, and more. This gable frame steel structure can be used in different weather conditions and is highly fire-resistant, making it a safe choice for your storage needs. With a minimum order quantity that can be discussed, the Steel Warehouse is available at a reasonable price. The packaging details are designed to ensure the safety of the product during transportation. Steel frames are used to pack the product to prevent damage, while plastic packing is used for sandwich panels and color steel sheets. Special packing options are also available upon client requirements.

The Steel Warehouse has a delivery time of 21 days, with payment terms that are flexible and can be made using L/C, D/A, D/P, T/T, Western Union, and MoneyGram. This product has a supply ability of 10,000 square meters per month, so you can be sure that it will meet your needs.

Constructed with C.Z shape steel purlins, the Steel Warehouse is made of high-quality steel, which requires low maintenance, making it a cost-effective option in the long run. Security is also a top priority, and the Steel Warehouse provides a secure storage solution for your valuable items.

Whether you need a prefab warehouse construction for your business or personal use, the BAODU Steel Warehouse is an excellent choice. With its exceptional quality, durability, and flexibility, it is a wise investment that will meet all your storage needs.

Customization:

1. Quality: imported equipment from Germany and Switzerland, professional workers who have been engaged in more than ten years, have their own research and development department, and fully meet the use standards of various countries.

2. Customized service: We arrange special person to connect according to customer needs, one-to-one service.

3. Technical support:

Activity room: We provide online guidance and installation services by dedicated personnel, as well as after-sales team service 24/7.

Workshop: We have nearly 50 professional engineers who can go abroad to provide technical support and guidance until all problems are solved for our customers.

4. International trade operation: We have been focusing on international trade in the construction industry for more than ten years, and have accumulated various experiences from different customers in different countries. So we can keep our operations up to date with our customers and new rules. Helps in customs clearance and saves cost and time for our customers.

Support and Services:

Our prefab steel warehouse product comes with comprehensive technical support and services to ensure a smooth and successful installation process. Our team of experts will assist you in the planning and design phase, providing you with detailed drawings and structural calculations to ensure the highest quality construction. We also offer on-site supervision and technical assistance during the assembly process, as well as training for your team on how to maintain and care for your new steel warehouse. Additionally, we offer maintenance and repair services to keep your building in top condition for years to come.

Packing and Shipping:

Product Packaging:

The Prefab Steel Warehouse will be packaged in a sturdy steel sheet box to ensure safe transport and delivery. All steel components will be securely fastened and wrapped in protective material to prevent any damage during transit.

Shipping:

Shipping of the Prefab Steel Warehouse will be arranged by our team and will be delivered via truck or container, depending on the size and quantity of the order. Delivery times will vary based on the destination, but we will provide tracking information to ensure you are kept up-to-date on the status of your order.

FAQ:

Q: What is the brand name of this product?

A: The brand name is BAODU.

Q: What is the model number of this product?

A: The model number is Steel Warehouse.

Q: Where is the product manufactured?

A: The product is manufactured in Hebei, China.

Q: What certifications does this product have?

A: This product is certified with ISO9001 and CE.

Q: What are the payment terms for this product?

A: The payment terms for this product are L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Q: What is the delivery time for this product?

A: The delivery time for this product is 21 days.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity is discussible.

Q: What is the packaging method for this product?

A: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing, it will be according to their requirements.

Q: What is the supply ability for this product?

A: The supply ability for this product is 10,000 Square Meter/Square Meters per month.

Q: What is the price range for this product?

A: The price for this product is reasonable.
