

## Metal Building Materials Warehouse Steel Structures Prefabricated Sheds Storage Shed Hangar

### Our Product Introduction

for more products please visit us on [baodupanel.com](http://baodupanel.com)

#### Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 15-21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

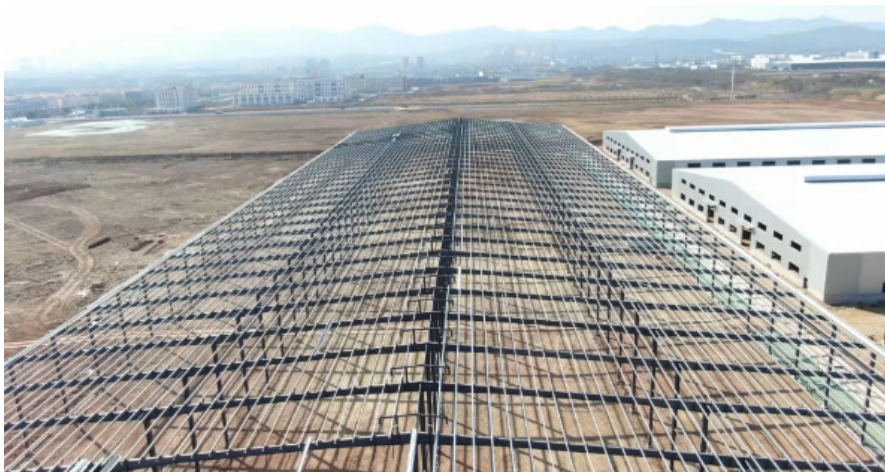

#### Product Specification

- Product Name: Metal Building Materials Warehouse Steel Structures Prefabricated Sheds Storage Shed Hangar
- Keyword: Steel Structure Building Warehouse
- After-sale Service: Online Technical Support
- Type: Light Steel Structure
- Material: Q235/Q345 Steel
- Structure: Steel Structure Frame Welded
- Roof Cladding: EPS/Rockwool/Fiberglass Wool/PU Sandwich Panel Or Steel Sheet
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Using Life: More Than 50 Years
- Steel Frame: Q235 Q355 H,C,Z Section Steel

## Product Description

### Metal Building Materials Warehouse Steel Structures Prefabricated Sheds Storage Shed Hangar

#### Product Description:

The Prefab Steel Warehouse is a versatile and durable structure designed for various industrial applications. With its high-quality materials and expert construction, this warehouse offers a reliable solution for your storage, factory, or logistic needs.

One of the key features of this warehouse is its gable frame steel structure, which provides excellent strength and stability. The main frame consists of welded H steel beams and steel trusses, ensuring a robust and long-lasting construction that can withstand heavy loads and harsh environmental conditions.

When it comes to windows, the Prefab Steel Warehouse is equipped with high-quality aluminum alloy windows and plastic steel frames. These windows not only enhance the aesthetic appeal of the warehouse but also provide ample natural light and ventilation for a comfortable working environment.

In terms of fire resistance, this warehouse excels with a high level of protection against fire hazards. The materials used in its construction are carefully selected to minimize the risk of fire damage, ensuring the safety of your valuable assets stored inside.

Installation of the Prefab Steel Warehouse is quick and easy, thanks to its prefabricated components and straightforward assembly process. This allows for efficient construction timelines, saving you time and money on labor costs.

Whether you need a steel storage facility, factory, or logistic warehouse, this versatile structure can be customized to meet your specific requirements. Its adaptability and durability make it an ideal choice for various industrial applications, providing a reliable and cost-effective solution for your business needs.

#### Features:

| Items            | Specification                   |   |
|------------------|---------------------------------|---|
| Main Steel Frame | Column                          | Q235, Q355 Welded H Section Steel         |
|                  | Beam                            | Q235, Q355 Welded H Section Steel         |
| Secondary Frame  | Purlin                          | Q235 C and Z purlin                       |
|                  | Knee brace                      | Q235 Angle Steel                          |
|                  | Tie Rod                         | Q235 Circular Steel Pipe                  |
|                  | Brace                           | Q235 Round Bar                            |
|                  | Vertical and Horizontal Support | Q235 Angle Steel, Round Bar or Steel Pipe |

|                       |            |   |
|-----------------------|------------|---|
| Maintenance system    | Roof Panel | EPS Sandwich Panel /Glass Fiber Sandwich Panel / Rock Wool Sandwich Panel / Pu Sandwich Panel /Steel Sheet                    |
|                       | Wall Panel | Sandwich Panel / Corrugated Steel Sheet   |
| Accessories           | Window     | Aluminium Alloy Window / PVC Window / Sandwich Panel Window   |
|                       | Door       | Sliding Sandwich Panel Door / Rolling Metal Door / Personal Door  |
|                       | Rainspout  | PVC   |
| Live load on Roof     |            | In 120kg/Sqm (Color steel panel surrounded)   |
| Wind Resistance Grade |            | 17 Grades   |
| Earthquake-resistance |            | 8 Grades  |
| Structure Usage       |            | more than 50 years  |
| Temperature           |            | Suitable temperature. -50°C~+50°C   |
| Certification         |            | CE, SGS,ISO9001:2008,ISO14001:2004 COC PVOC   |
| Finishing Options     |            | Vast array of colors and textures available   |
| Paint Options         |            | Alkyd painting, two primary painting, two finish painting(gray paint, red paint, white paint, epoxy zinc etc.) Or Galvanized. |

1. Different types and sizes according to customer's needs, large or small, wide span: single span or multiple spans, the max span is 36m without middle column.
2. Low cost and maintenance: unit price range from USD19.99/m2 to USD99.99/m2 according to customers request.
3. Fast construction and easy installation: time saving and labor saving, all the items are factory-made, pre-cut, pre-welded, pre-drilled, pre-painted.
4. Reduced construction waste, long using life span: more than 50 years.
5. Nice appearance.
6. Others: environmental protection, stable structure, High quake-proof, water proof and fire proof, and energy conserving.

### Technical Parameters:

If you are interested in our steel structure , please give us the following information:

- 1 Location (where will be built? ) \_\_\_\_\_country, area
- 2 Size: Length\*width\*height \_\_\_\_\_mm\*\_\_\_\_\_mm\*\_\_\_\_\_mm
- 3 wind load (max. Wind speed) \_\_\_\_\_kn/m2, \_\_\_\_\_km/h, \_\_\_\_\_m/s
- 4 snow load (max. Snow height)\_\_\_\_\_kn/m2, \_\_\_\_\_mm
- 5 anti-earthquake \_\_\_\_\_level
- 6 brickwall needed or not If yes, 1.2m high or 1.5m high
- 7 thermal insulation If yes, EPS, fiberglass wool, rockwool, PU sandwich panels will be suggested; If not, the metal steel sheets will be ok. The cost of the latter will be much lower than that of the former.
- 8 door quantity & size \_\_\_\_\_units, \_\_\_\_\_(width)mm\*\_\_\_\_\_ (height)mm
- 9 window quantity & size \_\_\_\_\_units, \_\_\_\_\_(width)mm\*\_\_\_\_\_ (height)mm
- 10 crane needed or not If yes, \_\_\_\_\_units, max. Lifting weight \_\_\_\_\_tons; Max. Lifting height \_\_\_\_\_m.

### Applications:

Steel structure warehouse

Steel structure factory building

Steel structure building

Steel structure garage/hangar

Steel structure house

Steel structure livestock house

Product Application Occasions and Scenarios for BAODU Steel Warehouse:

When it comes to Workshop Industrial Steel structures, the BAODU Steel Warehouse is a top choice. With its durable Steel Structure Frame Welded design, this prefab warehouse is perfect for a variety of applications in the industrial sector.

Whether you need a steel warehouse workshop, hangar hall steel structure, or a prefab warehouse construction, the BAODU Steel Warehouse from Hebei, China is a reliable solution. It is designed to withstand various weather conditions with its high weather resistance.

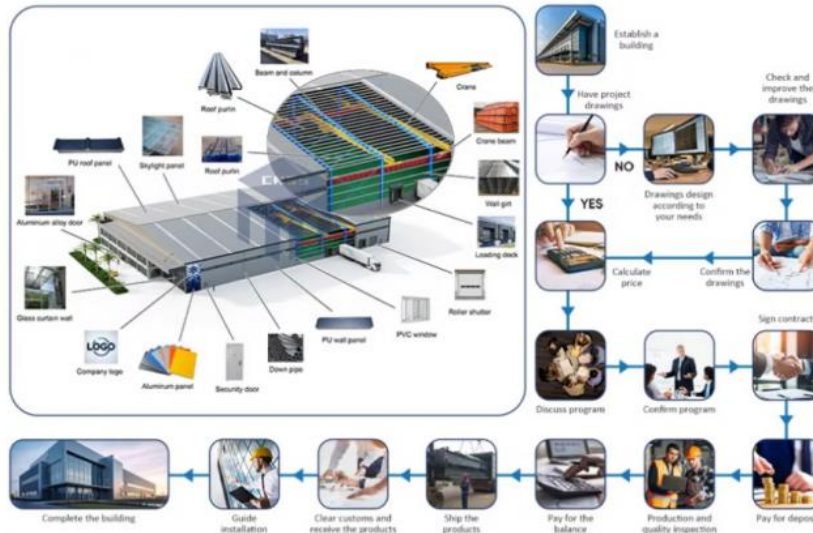

The Steel Warehouse is suitable for a range of purposes, including storage facilities, manufacturing plants, distribution centers, and more. Its customizable color options allow you to match it with your brand or existing buildings.

With ISO9001 and CE certifications, you can trust the quality and performance of the BAODU Steel Warehouse. The steel frame packing ensures that your goods are protected during transportation, and the delivery time of 21 days makes it a convenient choice for your project timelines.

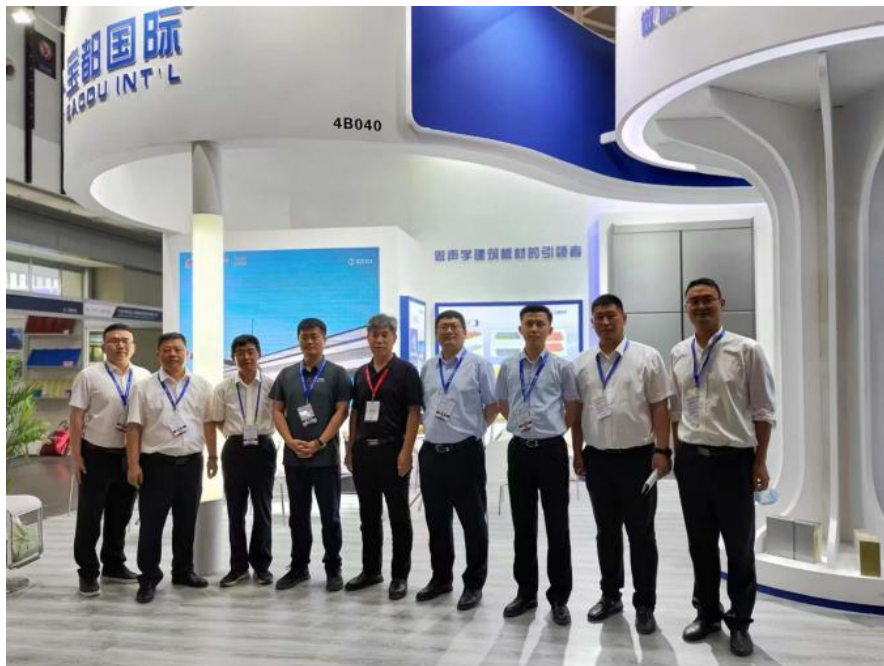

Whether you require a small quantity or a large order, the minimum order quantity is discussible, and the reasonable price makes it a cost-effective solution for your steel structure needs. The after-sale service, including online technical support, ensures that you have assistance whenever you need it.

Choose the BAODU Steel Warehouse for your next project and benefit from its reliable structure, efficient construction, and versatile applications.

### Customization:

### Support and Services:

Our Product Technical Support and Services for the Prefab Steel Warehouse include:

- On-site installation guidance to ensure proper assembly
- Assistance with any technical issues or questions related to the product
- Regular maintenance and inspection services to keep the warehouse in optimal condition
- Access to a dedicated support team for any inquiries or support needs

### Packing and Shipping:

#### Product Packaging:

Our Prefab Steel Warehouse is carefully packed to ensure safe delivery. Each component is securely wrapped and palletized to prevent any damage during transit. Detailed assembly instructions are included for easy setup.

#### Shipping:

We offer worldwide shipping for our Prefab Steel Warehouse. Shipping costs may vary depending on the destination and order quantity. Please contact our customer service team for a shipping quote and delivery timeline.

### Company profile:

Baodu International Advanced Construction Material Co., Ltd was established in January 2010 with the office in Beijing and factory in Hebei, China. Baodu is a designer, manufacturer, supplier and exporter of industrial noise comprehensive treatment, steel structure, sandwich panel and prefab house. Baodu has an annual output of 6 million square meters of acoustic sandwich panels, 100000 tons of steel structures and 1 million square meters of floor decking sheet. The products are sold in more than 30 countries and regions around the world. Baodu has a professional design team with more than 10 years' experience, including 5 senior engineers, 20 engineers, and 35 technicians. Baodu has several energy saving and environment protection intellectual property rights, construction and environment protection design qualification, CE certification and Russian GOST certification etc. Baodu participated in the military parade village project for the 60th anniversary of China and project of Beijing Daxing International Airport. Under the guidance of China's "one belt, one road" strategy, Baodu has also undertaken overseas projects such as the project of Thar, Pakistan coal fired power plant, Hasyan Dubai power plant and so on. Finally, welcome your coming to Baodu for a visit and cooperation!

### FAQ:

**Q: What is the brand name of the Prefab Steel Warehouse?**

A: The brand name is BAODU.

**Q: Where is the Prefab Steel Warehouse manufactured?**

A: The Prefab Steel Warehouse is manufactured in Hebei, China.

**Q: What certifications does the Prefab Steel Warehouse have?**

A: It is certified with ISO9001 and CE.

**Q: What is the minimum order quantity for the Prefab Steel Warehouse?**

A: The minimum order quantity is discussible.

**Q: What are the packaging details for the Prefab Steel Warehouse?**

A: In general, for steel structure, we use steel frame packing to keep goods from being broken. For sandwich panel and color steel sheet, we use plastic packing. Special packing can be arranged according to client requirements.

**Q: What are the payment terms for purchasing the Prefab Steel Warehouse?**

A: The payment terms accepted are L/C, D/A, D/P, T/T, Western Union, and MoneyGram.
